## **ASSIGNMENT TO ORTHOPEDIATRICS**

WHEREAS, AIROKap, LLC (hereinafter referred to as "Assignor"), a limited liability company formerly known as Band-Lok, LLC, formed under the laws of the United States of America's state of North Carolina and presently having a principal place of business at 2028 Kings Manor Drive, Matthews, NC 28104, has acquired from and between the Inventors and the Company, each of which are identified herein below, all of the entire right, title, and interest in, to and under certain inventions (the "Inventions") as disclosed and/or claimed in the patents and patent applications listed in Exhibit A hereto (the "Patents and Applications") and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon;

WHEREAS, each of the individuals Michael Albert, Randy Roof, John Kapitan, Stuart Lindquist, and Lawrence Binder have contributed as and have been named as inventors (hereinafter referred to as the "Inventors") of the Inventions in one or more of the Patents and Applications listed in Exhibit A, and each one of the Inventors has executed assignments to Band-Lok, LLC, of all of their right, title and interest in, to and under the Inventions and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon, including but not limited to the Patents and Applications;

WHEREAS, Kapstone Medical, LLC (hereinafter referred to as "Company"), a limited liability company formed under the laws of the United States of America's state of North Carolina and presently having a principal place of business at 520 Elliot Street, Charlotte, NC 28202, may have previously acquired at least some right, title, and interest in, to and under the Inventions and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon, and Company has executed assignment to Band-Lok, LLC, of all of its right, title and interest in, to and under the Inventions and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon, including but not limited to the Patents and Applications;

WHEREAS, OrthoPediatrics Corp., (hereinafter referred to as "Assignee"), a corporation formed under the laws of the state of Delaware, having a principal place of business at 2850

Frontier Drive, Warsaw, IN 46582, desires to acquire and has acquired all of the entire right, title, and interest in, to and under said Invention and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon and is owned by or is being transferred to Assignee;

WHEREAS, Assignor has desired and does desire that all of the entire right, title, and interest in, to and under said Invention and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon is owned by or is being transferred to Assignee.

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of good, valuable and sufficient consideration to Assignor in hand paid, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, agree to sell, assign and transfer, and by these presents do sell, assign and transfer unto Assignee, all of Assignor's entire right, title, and interest, including the beneficial interest, in, to and under, including all rights to file, all rights of priority and all causes of action related to, said Inventions and any and all non-public correspondence related thereto (hereinafter referred to as "Documents"), and in, to and under any and all applications for United States Letters Patent describing said Invention or claiming priority to any of said Patents and Applications, and any and all other applications thereon and arising therefrom, including any and all applications claiming the benefit thereof, and any and all divisions and continuations thereof, and any and all patents to be issued and obtained therefor and thereon, United States and foreign, including all reissues and extensions thereof.

Assignor acknowledges that said Inventions are the property of Assignee and any non-public information related thereto, including said Documents and the information disclosed in said Documents, is to be maintained in confidence and is not to be disclosed by Assignor to any third party without the consent of Assignee, unless required by law, required to satisfy a legal obligation on behalf of Assignee, or required to support a defense of Assignor against a legal claim by Assignee. This obligation of confidentiality survives the termination of employment or any contract for any services between Assignor and Assignee.

Assignor agrees to assign and execute any and all other papers necessary or desirable for the procurement of Letters Patent on said Inventions in this and all foreign countries for the use of Assignee.

This Assignment shall be governed and controlled by the substantive laws of the United States of America and the United States of America's state of Indiana, notwithstanding any choice of laws rules that would apply in the absence of this provision.

If any provision of this Assignment shall be ruled invalid or unenforceable by a court of competent jurisdiction, that ruling shall not affect the validity or enforceability of the remaining provisions of this Assignment, which remaining provisions shall continue in full force and effect as if this Assignment had been executed with the invalid portion eliminated.

This Assignment may be executed in counterparts, each of which shall be deemed an original and all of which together shall be considered one and the same agreement. Signatures exchanged by e-mail, facsimile, or other electronic means shall be effective for all purposes hereunder to the same extent as original signatures.
