WHEREAS, public records presently indicate that Assignor is the sole owner of all right, title and interest in and to the pending patent applications and issued patents identified in Appendix A attached hereto, including all inventions referenced therein, letters patent issued thereon, and applications for letters patent applied for with respect thereto, throughout the world, and all reissues, divisions, continuations, continuations-in-part, renewals, extensions, substitutions, and re-examinations of any of the foregoing throughout the world ("Patents"); and

WHEREAS, public records presently indicate that Assignor is the sole owner of all right, title and interest in and to the pending trademark applications and registered trademarks identified in Appendix B attached hereto, and the goodwill of the business symbolized thereby ("Trademarks"); and

WHEREAS, although public records indicate ownership of the Patents and Trademarks by Assignor, at all relevant times both Assignor and Assignee have operated as if the Patents and Trademarks were owned by Assignee, including but not limited to Assignee paying all fees and expenses associated with developing and protecting the Patents and Trademarks; and

WHEREAS, for purposes of confirming Assignee's ownership of the Patents and Trademarks and publicly recording Assignee's ownership, Assignor desires to assign and transfer to Assignee all of its right, title and interest (if any) in and to the Patents and Trademarks, and Assignee desires to acquire the same; and

NOW, THEREFORE, in consideration of these premises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and the Assignee agree as follows.
