EXHIBIT A
ASSIGNMENT AND ASSUMPTION AGREEMENT

This **ASSIGNMENT AND ASSUMPTION AGREEMENT** ("Assignment Agreement") is made as of May 7, 2019 by and between IMMUNOCCELLULAR THERAPEUTICS, LTD., a Delaware corporation ("Seller"), and PRECISION LIFESCIENCES GROUP LLC, a Delaware corporation ("Purchaser"). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Agreement (as hereinafter defined).

WITNESSETH:

WHEREAS, Seller and Purchaser are parties to an Asset Purchase Agreement, dated as of even date herewith (the "Agreement") providing for, among other things, the sale by Seller to Purchaser of the Purchased Assets and the assumption by Purchaser of the Assumed Liabilities; and

WHEREAS, in accordance with the terms of the Agreement, Seller and Purchaser have agreed to enter into this Assignment Agreement, providing for (a) the assignment from Seller to Purchaser of all of Seller's right, title and interest in and to the Purchased Assets, including the Transferred Agreements, from and after the Closing, on and subject to the terms and conditions of the Agreement and (b) the acceptance by Purchaser of such assignment and the assumption by Purchaser of Liabilities of Seller under the Assumed Liabilities, on the terms and subject to the conditions of Section 2.3 of the Agreement.

NOW, THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound hereby, agree as follows:

1. Assignment. In accordance with and subject to the terms and conditions of the Agreement, Seller hereby sells, conveys, transfers, assigns and delivers to Purchaser, free and clear of all Encumbrances other than the Assumed Liabilities, all of Seller's right, title and interest in and to all of the Purchased Assets, including the Transferred Agreements, from and after the Closing.

2. Assumption. Effective as of the Closing, Purchaser hereby assumes and agrees to pay, perform and discharge, and be bound by the obligations, liabilities and duties of the Assumed Liabilities on the terms and subject to the conditions of Section 2.3 of the Agreement. Except for those Liabilities expressly assumed by Purchaser pursuant to Section 2.3 of the Agreement, Purchaser shall assume no other Liabilities of the Seller.

3. Further Assurances. Seller and Purchaser shall each execute, acknowledge (if appropriate) and deliver, or cause the execution, acknowledgment and delivery of, and make or cause to be done or made, such further documents and instruments, acts or things, supplemental,

confirmatory or otherwise, as may reasonably be requested by the other party hereto to implement the purposes of this Assignment Agreement and the Agreement.

4. Assignability. This Assignment Agreement shall be binding upon and shall inure to the benefit of the Seller and its successors and assigns (if any) and the Purchaser and its successors and assigns (if any). The Purchaser may freely assign any or all of its rights under this Assignment Agreement, in whole or in part, to any other Person without obtaining the consent or approval of any other Person. Seller shall not be permitted to assign any of its rights or delegate any of its obligations under this Assignment Agreement without the Purchaser's prior written consent.

5. Non-contravention. Nothing set forth in this Assignment Agreement shall limit or otherwise negate the rights and obligations of Purchaser and Seller as set forth in the Agreement. In the event of any conflict between any term or condition of this Assignment and any term or condition of the Agreement, the term or condition of the Agreement shall control.

6. Counterparts. This Assignment Agreement may be executed and delivered (including by electronic or facsimile transmission) in two or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed and delivered shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

7. Governing Law. THIS ASSIGNMENT AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF DELAWARE OTHER THAN CONFLICT OF LAWS PRINCIPLES THEREOF DIRECTING THE APPLICATION OF ANY LAW OTHER THAN THAT OF DELAWARE.

8. Non-Assignable Contracts. Nothing in this Assignment Agreement or the Agreement shall be construed as an attempt to sell, transfer, convey, assign or deliver any contract or agreement comprising any of the Transferred Agreements that is by its terms or at law non-assignable without the consent of the other party thereto and as to which such consent shall not have been given as of the date hereof; *provided, however,* that upon the receipt by Seller of any such consent, the contract or agreement as to which any such consent relates shall, without any further action by Seller or Purchaser, be deemed to have been assigned by Seller to Purchaser hereunder as of the date of such consent or notice as the case may be.

9. Severability. Any term or provision of this Assignment Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If the final judgment of a court of competent jurisdiction declares that any term or provision hereof is invalid or unenforceable, the parties hereto agree that the court making such determination shall have the power to limit the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Assignment

Agreement shall be enforceable as so modified. In the event such court does not exercise the power granted to it in the prior sentence, the parties hereto agree to replace such invalid or unenforceable term or provision with a valid and enforceable term or provision that will achieve, to the extent possible, the economic, business and other purposes of such invalid or unenforceable term.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, and intending to be legally bound hereby, the parties hereto have caused this Assignment and Assumption Agreement to be executed and delivered as of the day and year first above written.
