PATENT ASSIGNMENT

WHEREAS, I, Daniel Joseph Rotman ("ASSIGNOR") had assigned my entire right, title and interest in and to U.S. Provisional Application Nos. 62/202,591 and 62/287,102, as well as the inventions disclosed therein ("PROVISIONAL APPLICATIONS"), to Pretty Litter, Inc., a California Corporation, having its principal place of business at 10600 Wilshire Boulevard, #310, Los Angeles, California 90024 ("ASSIGNEE");

WHEREAS, Assignor is also the listed inventor on the issued patents and pending patent application identified in Schedule A (collectively the "PATENTS AND PATENT APPLICATIONS"), which claim priority to the PROVISIONAL APPLICATIONS; and

WHEREAS, ASSIGNEE desires to acquire the entire right, title and interest in and to any additional invention(s) disclosed in the PATENTS AND PATENT APPLICATIONS, and in and to any patents that may be granted for the additional invention(s) in the United States or in any foreign countries.

NOW, THEREFORE, for valuable consideration, the receipt and sufficiency of which ASSIGNOR acknowledges, ASSIGNOR hereby sells, assigns, and transfers to ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in and to the additional invention(s), the PATENTS AND PATENT APPLICATIONS; any divisions, continuations, and continuations-in-part of the PATENTS AND PATENT APPLICATIONS and any other application claiming priority rights from the PATENTS AND PATENT APPLICATIONS; any reissues, reexaminations, or extensions of any and all patents; the right to file foreign applications directly in the name of ASSIGNEE; the right to claim priority rights deriving from the PATENTS AND PATENT APPLICATIONS; and all claims for damages and all remedies arising out of or relating to any violation(s) of any of the rights assigned hereby that have or may have accrued prior to the date of assignment to said ASSIGNEE, or may accrue hereafter, including, but not limited to the right to sue for, seek, obtain, collect, recover, and retain damages and any ongoing or prospective royalties to which ASSIGNOR may be entitled, or that ASSIGNOR may collect for any infringement or from any settlement or agreement related to any of said PATENTS AND PATENT APPLICATIONS before or after issuance (collectively, the "Rights"). ASSIGNOR agrees to not sign any writing or do any act conflicting with this assignment, and, without further compensation, sign all documents and do such additional acts as ASSIGNEE deem necessary or desirable to: perfect ASSIGNEE's enjoyment of the Rights; conduct proceedings regarding the Rights, including any litigation or interference proceedings; or perfect or defend title to the Rights. ASSIGNOR requests the Commissioner of Patents to issue any Patent of the United States that may be issued on the additional invention(s) to ASSIGNEE.

Date: May 11, 2021

Signature: 
Daniel Joseph Rotman
