## PATENT ASSIGNMENT

THIS ASSIGNMENT, effective as of 11:59 p.m. EST December 31, 2020, is made by **PROFORM FINISHING PRODUCTS, LLC**, a Delaware limited liability company, having a principal place of business at 2001 Rexford Road, Charlotte, NC 28211, hereinafter referred to as "Assignor";

WITNESSETH: That,

WHEREAS, as shown by the records of the United States Patent and Trademark Office, Assignor has previously acquired all right, title, and interest in and to the Patents (as defined in attached Schedule A); and

WHEREAS, **PERMABASE BUILDING PRODUCTS, LLC**, a Delaware limited liability company, having a principal place of business at 2001 Rexford Road, Charlotte, NC 28211, hereinafter referred to as "Assignee", is desirous of acquiring the entire right, title, and interest in and to said Patents; and

WHEREAS, the parties have agreed to the assignment hereinafter set forth.

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the above Assignor has assigned and by these presents does hereby assign, transfer, and convey unto the said Assignee, its successors and assigns, its entire right, title, and interest in and to said Patents and the inventions represented thereby including any other counterparts thereto worldwide, and any and all continuations, continuations-in-part, and/or divisions thereof, and any and all letters patent or reissues, reexaminations, or extensions thereof which may be granted therefor or thereon, for the full end of the term for which said letters patent may be granted, together with all of its rights to claim priority thereto in any country and all of its rights to sue for past infringement of said Patents worldwide, together with all claims for damage by reason of past infringement of said Patents, with the right to sue for, and collect the same for Assignee's own use and enjoyment; all to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

From time to time after the date hereof, at the request of either party hereto, and at the expense of the party so requesting, each of the parties hereto shall execute and deliver to such requesting party such documents and take such other action as such requesting party may reasonably request in order to consummate more effectively the transactions contemplated hereby.

The Assignor further covenants and agrees that, at the time of the execution and delivery of these presents, it possesses full title to the inventions and Patents thereon as earlier identified and that it has the unencumbered right and authority to make this assignment.
