CONFIRMATORY PATENT ASSIGNMENT

THIS CONFIRMATORY PATENT ASSIGNMENT, is made by me, Kieran O'Donoghue, and I am a joint inventor of the invention described and set forth in U.S. Patent Application No. 17/237,818;

WHEREAS, by virtue of a prior assignment recorded in the United States Patent Office on April 22, 2021, on Reel 056010, Frame 0434, I assigned to Optum Services (Ireland) Limited, all my right, title, and interest in and to the inventions, applications, and patents, and to all foreign counterparts (including patent, utility model and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on any patent application claiming priority from the same in the United States and all countries throughout the world, and to claim the priority from the applications as provided by the Paris Convention;

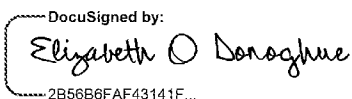

WHEREAS, in said prior assignment recorded in the United States Patent Office, on Reel 056010, Frame 0434, my last name was spelled incorrectly as (middle initial "O" and last name "Donoghue". However, my last name should be spelled as "O'Donoghue";

FOR THE AVOIDANCE OF DOUBT, I am executing the present confirmatory assignment to confirm the correct spelling of my name as Kieran O'Donoghue, and to confirm the assignment of rights is from Kieran O'Donoghue (not Kieran O Donoghue) to Optum Services (Ireland) Limited. This Assignment shall in no way modify the prior assignment recorded in the United States Patent Office on April 22, 2021, on Reel 056010, Frame 0434, but shall merely confirm the spelling of my name.

IN TESTIMONY WHEREOF, I have signed my name on the date indicated.

Dated: 10 May 2021

/  /
Kieran O'Donoghue
