ASSIGNMENT

WHEREAS, we, Christopher James Hayes of Nottingham, GB; John David Brook of Nottingham, GA and Ami Ketley of Nottingham, GB (collectively the “Assignors”) are the inventors of a certain new and useful invention and discovery entitled “**INHIBITORS AND THEIR USES**” (“the Invention”) for which a U.S. patent application was filed with the United States Patent and Trademark Office on September 21, 2018 and assigned U.S. Patent Application No. 16/087,484, which is a 371 Nationalization of PCT/GB2017/050824 filed on March 23, 2017, hereinafter “the Applications”; and

WHEREAS, The University of Nottingham, a University in Great Britain, having its principal office at University Park Nottingham NG7 2RD GB, and which, together with its successors and assigns, is hereinafter called “Assignee,” is desirous of acquiring the title, rights, benefits, and privileges hereinafter recited;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors hereby assign to Assignee all of Assignors’ right, title and interest in the Invention, all improvements therein, the Application and all priority rights arising therefrom, and any applications and/or patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Application; any application that claims priority from the Application (including utility applications, divisionals, continuations, continuations-in-part, international applications and/or any foreign regional and/or national applications), or any application based in whole or in part on any of the foregoing.

Assignors agree that such Assignors and Assignors’ heirs and legal representatives will, without further consideration, cooperate with Assignee in the prosecution of all of the above applications, execute, verify, acknowledge and deliver all such further papers, including applications for patents and for reissues and extensions thereof, and instruments of assignment and transfer thereof, and will communicate any facts known to Assignors relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee. Assignors further agree that such Assignors will, without further compensation to Assignors during the term of such Assignors’ employment by

Assignee and thereafter for reasonable compensation as determined by Assignee, perform such other acts as may be reasonably required when requested by Assignee, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee.
