PATENT ASSIGNMENT

Alexander Allen an individual citizen of the Netherlands residing at Praça do Príncipe Real No. 3, Apt. C, Lisbon 1250-184, Portugal, is the sole and legal owner of the invention(s) described and disclosed in the patents and patent applications listed on Schedule A hereto.

Alexander Allen (the "Assignor") hereby assigns, transfers and conveys to **BLACK BEAR LICENSING LIMITED** (the "Assignee"), a registered Limited Liability Company, bearing company registration number C97476, with headquarters at ATL Business Centre, 89, Suite 3, Cannon Road, St. Venera SVR 9035, Malta, and its successors and assigns, by way of a gratuitous gift the Assignor's entire right, title and interest throughout the world in and to said all patents and patent applications listed on Schedule A, together with all inventions disclosed therein, and any know-how associated therewith, and any and all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications; this as from the date of signature of this agreement. The Assignor hereby authorizes the above-named Assignee to apply for patents of foreign countries for said invention and to claim all rights of priority without further authorization from the Assignor; the Assignor hereby agrees to execute all papers useful in connection with said United States and foreign applications, and generally to do everything possible to aid said Assignee, its successors, assigns and nominees, at their request and expense, in obtaining and enforcing patents for said invention in all countries; and the Assignor requests any official whose duty it is to issue patents, to issue any and all patents granted for said invention to the above-named Assignee, its successors and assigns.

The Assignor hereby declares in favour of the Assignee that:

- (i) He has the legal capacity required to enter into this assignment agreement and be bound by all the provisions set forth herein and has obtained any and all necessary consents required to transfer such, if any. The Assignor declares and warrants that he is the sole owner and developed such inventions in accordance with law.
- (ii) The execution, delivery and performance by the Assignor of this assignment agreement i) will not contravene or result in a breach or constitute a default under any contractual agreement binding or affecting the Assignor, ii) will not violate any law applicable to the Assignor and/or to the said invention(s) and iii) will not result in the imposition of any lien, charge or encumbrance upon the said invention(s) other than those listed in Schedule A and/or this Agreement.
- (iii) He warrants to the Assignee that he holds all right, title and interest, both legal and beneficial, in and to the invention(s), free and clear of any lien, pledge, claim, security interest, encumbrance, charge, restriction or limitation of any kind, whether arising by agreement, operation of the law or otherwise, and upon execution of this agreement, the Assignee shall acquire all rights and interests arising from the said invention(s) free and clear of any and all liens, subject to any limitations which may be attached thereto and which the Assignor binds himself to disclose to the Assignee.
- (iv) The Assignor agrees, to the fullest extent permitted by law, to indemnify and hold harmless the Assignee, against any and all losses, liabilities, claims, related obligations, damages and expenses whatsoever arising out of or based upon any

breach or inaccuracy of the representations and warranties set forth in this agreement and the attached Schedule A.

- (v) The Assignor hereby warrants that there have been no changes to the said invention(s) as from the date of Schedule A and the actual transfer of such invention(s) to the Assignee.
- (vi) The Assignor hereby warrants that he shall record the said assignment with the competent authorities and provide an official proof to the Assignee regarding the said change of ownership.

For avoidance of doubt, it is hereby declared, that in relation to the invention(s) (either issued, on application status and/or no application filed) listed in Schedule A, any right, title and interest conveyed in this Assignment is to be held and enjoyed by the Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

This Agreement shall be governed and construed in accordance with the Laws of Malta and the Assignor and Assignee irrevocably and unconditionally submit for themselves and their property in any legal action or proceedings related to this agreement and/or invention(s), or for recognition and enforcement of any judgment in respect hereof, to the jurisdiction of the Courts of Malta.

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Executed effective as of the 10th day of May, 2021.
