**ASSIGNMENT OF PATENT RIGHTS**

Whereas, Lanny Gilbertson and Marcine Gilbertson of Blanchardville, Wisconsin, are the exclusive owners of a certain United States utility patent, identified as Utility Patent Number 6905174 dated June 14, 2005 (hereinafter the "Patent");

Whereas, Harold King of Springfield, Illinois desires to acquire the entire and exclusive rights, title, and interest in and to the invention and Patent;

Now, therefore, in consideration of the sum of \$10.00 and other valuable and legally sufficient consideration, the receipt and sufficiency of which are hereby acknowledged, Lanny Gilbertson and Marcine Gilbertson hereby assign and transfer to Harold King, without any restrictions, reservations, or limitations:

(a). the entire and exclusive rights, title, and interest in the Patent and in the inventions set forth in and covered by the Patent, and all continuations, divisions, renewals, reissues, reexaminations, and extensions thereof;

(b). all rights relating to the Patent and the inventions set forth in and covered by the Patent under any applicable convention;

(c). the sole right to file applications for patents on the inventions set forth in and covered by the Patent under the patent laws of any country in the world in his name, and the sole right to have patents granted on such applications in his name, as fully and entirely as they would have been held by Lanny Gilbertson and Marcine Gilbertson had this assignment not been made; and

(d). the sole right to enforce all patent and royalty rights related to the Patent, including the right to sue and recover any accrued royalties, profits, or damages owed under any licenses and for any and all infringements thereof, including past royalties, profits, or damages owed, with respect to which Lanny Gilbertson and Marcine Gilbertson waive any right to receive any portion thereof.
