ASSIGNMENT BY INVENTORS

This Assignment of Patents ("*Assignment*") is made and entered into on this 1 day of Feb, 2019, by and between: eValtec Global LLC, a company with a principal place of business at 10671 Villanova Drive, Frisco, TX 75035 ("*Assignors*"); and Avodah Labs, Inc., a company with a principal place of business at 220 Westway Place, Suite 100, Arlington, TX 76018, ("*Assignee*").

WHEREAS, Assignor and Assignee have agreed to cause Assignor to assign and transfer to Assignee all of Assignor's respective right, title and interest in and to the patents identified herein.

NOW, THEREFORE, in consideration of the sum of ten dollars (US\$10.00), the mutual agreements of the parties set forth herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, and upon the terms set forth herein, agree as follows:

Assignor does hereby irrevocably assign, sell, transfer and set over to Assignee, its successors and assigns, its entire right, title and interest in, to and under (a) the patents and patent applications set forth on Attachment A attached hereto ("*Patents*"), including all rights pursuant to 35 U.S.C. § 154, (b) all inventions and discoveries described in any of the Patents and that are now or in the future claimed in the Patents, (c) rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to any of the Patents, as well as the inventions and discoveries assigned to Buyer under subparagraph (b) above, and (d) any and all letters patents issuing from continuing, counterparts, divisional and continuation-in-part applications, substitutions, reissues, extensions, renewals and reexaminations of any of the foregoing (collectively, the "*Assigned Patents*") throughout the world, including any and all causes of action and rights to damages and profits, due or accrued, relating to the foregoing, including the right to sue and recover for, and the right to profits and damages due or accrued arising out of or in connection with any and all past, present or future infringements, and further including the right to injunctive relief and any other remedies of any kind for past, present, and

future infringement, and further including the right to collect past and future royalties or other payments for a license granted by Assignee under or on account of any of the Assigned Patents.

Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the Assigned Patents in the name of Assignee, as the assignee to the entire interest therein.
