**PATENT SECURITY AGREEMENT**

THIS PATENT SECURITY AGREEMENT (this "Agreement"), dated as of June 3, 2021, is made by **Webco Industries, Inc.**, an Oklahoma corporation (the "Grantor"), in favor of **JPMorgan Chase Bank, N.A.**, in its capacity as collateral agent (in such capacity, the "Collateral Agent") for the Lenders.

**RECITALS**

WHEREAS, (a) the Grantor, Webco Tube, Inc., an Oklahoma corporation ("Webco Tube"), Phillips & Johnston, Inc., an Illinois corporation ("P&J"), and Webco Investments, LLC, an Oklahoma limited liability company (f/k/a HMPWebco, L.L.C.) ("Webco Investments"), have entered into a Credit Agreement dated as of March 31, 2011 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement") with the lenders party thereto (the "Lenders"), JPMorgan Chase Bank, N.A., in its capacity as administrative agent (in such capacity, the "Administrative Agent"), and the Collateral Agent, pursuant to which the Lenders have agreed to make certain loans to the Grantor, and (b) the Grantor, Webco Tube, P&J, Webco Investments, the Lenders and the Administrative Agent have entered into an Amendment No. 10 to Credit Agreement dated as of June 3, 2021 (the "Amendment") which, among other things, amends the Credit Agreement;

WHEREAS, the Grantor, Webco Tube and Webco Investments have entered into a Pledge and Security Agreement dated as of March 31, 2011 (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement") with the Collateral Agent pursuant to which certain obligations owed to the Collateral Agent, the Administrative Agent, the Lenders and the other Secured Parties are secured; and

WHEREAS, pursuant to the terms of the Security Agreement, the Grantor has granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in substantially all the assets of the Grantor, including all right, title and interest of the Grantor in, to and under all now existing and hereafter arising patents and patent applications, including, without limitation, the inventions and improvements described and claimed therein, all reissues, divisions, continuations, extensions and continuations-in-part thereof, all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto arising in favor of the Grantor, including, without limitation, damages and payments for past or future infringements thereof, all rights to sue for past, present and future infringements thereof, and all rights corresponding thereto throughout the world, to secure the payment of all amounts owing by the Grantor under the Credit Agreement and the other Loan Documents (as defined in the Credit Agreement);

NOW, THEREFORE, in consideration of the mutual agreements set forth herein and in the Credit Agreement, and as required by the Amendment Documents (as defined in the Amendment), the Grantor does hereby grant to the Collateral Agent, for the benefit of the Secured Parties, a continuing security interest in all of the Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired:

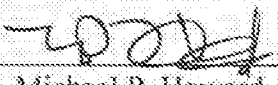

- (1) each patent and patent application, including, without limitation, each patent and patent application referred to in Schedule 1 annexed hereto, including, without limitation, the inventions and improvements described and claimed therein, all reissues, divisions, continuations, extensions and continuations-in-part thereof, all rights to sue for past, present and future infringements thereof, and all rights corresponding thereto throughout the world;
- (2) all license agreements with any other Person or Persons with respect to any patents and patent applications, whether the Grantor is a licensor or licensee under any such license agreements, subject to the terms of such licenses, the right to prepare for sale, sell and advertise for sale, all inventory now or hereafter owned by the Grantor and now or hereafter covered by such licenses; and
- (3) all products and proceeds of the foregoing, including, without limitation, all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto arising in favor of the Grantor, including, without limitation, damages and payments for past or future infringements thereof (items 1 through 3 being herein collectively referred to as the "Patent Collateral").

This security interest is granted in conjunction with the security interests granted to the Collateral Agent, for the benefit of the Secured Parties, pursuant to the Security Agreement and subject to limitations set forth therein. Each of the Grantor and the Collateral Agent hereby acknowledges and affirms that the rights and remedies of the Collateral Agent, the Administrative Agent, the Lenders and the other Secured Parties with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Capitalized terms used but not defined herein have the respective meanings ascribed thereto in the Security Agreement.

[signature page follows]

IN WITNESS WHEREOF, the Grantor has caused this Patent Security Agreement to be duly executed by its duly authorized officer thereunto as of the date first set forth above.

**WEBCO INDUSTRIES, INC.**

By:   
Name: Michael P. Howard
