ASSIGNMENT

WHEREAS, Jim Snyder, a citizen of the United States and a resident of Cedar Park, Texas; Joon Hao Chuah, a citizen of the United States and a resident of Austin, Texas; Joe Dente, a citizen of the United States and a resident of Austin, Texas; Travis Hartwell, a citizen of the United States and a resident of Austin, Texas; Morgan Hollinger, a citizen of the United States and a resident of Austin, Texas; John Thele, a citizen of the United States and a resident of Austin, Texas; Jimmy Wan, a citizen of the United States and a resident of Austin, Texas; Robert Williams, a citizen of the United States and a resident of Austin, Texas; and Robby Morgan, a citizen of the United States and a resident of Austin, Texas (the “Assignors”), have invented a certain new and useful invention entitled **“Method and System for Abstracting Information for Use in Link Analysis”** (the “Invention”) for which a provisional application was filed on December 12, 2007, U.S. Serial No. 61/013,273; a PCT application filed on December 12, 2008, PCT/US2008/086729; and a 371 application U.S. Serial No. 12/747,868 filed on June 11, 2010 (the “Applications”); and

WHEREAS, 21CT, Inc., a Delaware corporation, having its principal place of business at 6011 West Courtyard Drive, Building 5, Suite, 300, Austin, Texas 78730 (hereinafter called the “Assignee”), is desirous of acquiring and Assignors are desirous of assigning to Assignee all right, title and interest in and to said Applications, said Invention, and patents and patent applications on said Invention;

NOW, THEREFORE, Assignors, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, do hereby SELL, ASSIGN and CONVEY unto Assignee all right, title and interest throughout the world in and to said Invention, this assignment including, but not being limited to:

1. Said Invention, said Applications, and any other patent applications, patents, or like grants or protection on said Invention made by each Assignor, Assignors, or their legal

representatives, whether in the United States of America or any other country or place anywhere in the world;

2. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extension, and the like of said Applications, and of any other patent applications, patents, or like grants or protection on said Invention, including without limitation, those obtained or permissible under past, present and future laws or statutes;

3. All rights of action on account of past, present and future misappropriation or unauthorized use of said Invention in any form, including but not limited to any infringement of any patent that may issue from the Applications or from any other patent applications directed to said invention, any other patents or like grants or protection on said Invention, and any trade secret misappropriation of said Invention;

4. The right to Assignee to file in its name applications for patents and like grants or protection for said Invention in any country or countries foreign to the United States; and

5. All international rights or priority associated with said Invention, said Applications, and any other applications for patents, patents and like grants or protection on said Invention.

Assignors covenant that Assignors, their heirs, legal representatives, assigns, administrators, and executors will execute all papers and perform such other acts, with expenses if any to be paid by Assignee, as may be reasonably necessary to give Assignee, its successors and assigns, the full benefit of this Assignment. This Assignment shall be binding upon and shall inure to the benefit of the successors, assigns and legal representatives of the parties hereto.
