ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, the below-named inventors:

**Laurence VAN BEEK; David ARMAND; Arnaud PIERRE; Herve COLLET; Elie FOURNIER;
Stephane LAVALLEE**

hereby sell, assign, and transfer to

SURGIVISIO

having a principal place of business at 5, avenue du Grand Sablon, La Tronche, 38700 FR ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all inventions or improvements that are disclosed in the application (provisional or non-provisional) for the United States patent which for the non-provisional application may have a declaration executed by the undersigned prior hereto or concurrently herewith and which application (provisional or non-provisional) is entitled

MODULAR FLUORO-NAVIGATION INSTRUMENT

said patent application also identified as follows (when known):

[If we hereby authorize an attorney or agent for said Assignee to insert below the application number and filing date of said patent application when known.]

United States Patent Application Number 15/768,491 filed April 13, 2018

and in and to said application (provisional or non-provisional) and all provisional applications, non-provisional applications, utility applications, design applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said inventions or improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said inventions or improvements; and in and to all rights of priority resulting from the filing of said United States application;

agree that said Assignee may apply for and receive a patent or patents for said inventions or improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all provisional applications, non-provisional applications, utility applications, design applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications on any and all said inventions or improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said inventions or improvements and the history thereof, and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said inventions or improvements and for vesting title to said inventions or improvements, and all applications for patents and all patents on said inventions or improvements, in said Assignee, its successors, assigns, and legal representatives; and

covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

Translation of the employment contract of Laurence VAN BEEK at SURGIVISIO

Article 4 - Functions and classification

Laurence VAN BEEK will exercise the functions of Operations Manager within the company. Her main functions are to carry out the administrative management of the key activities of the company and the organization of missions (conferences, meetings), manage the research projects of the company as a whole, with missions on all aspects related to intellectual property and patent drafting in particular, as well as the management of scientific publications

Article 15 - Intellectual Property

The inventions made by Laurence VAN BEEK in the course of her work belong to SURGIVISIO in accordance with the provisions of the Article 611-7, 1st paragraph, of the Intellectual Property Code.

If these inventions are filed as a patent, the salaried inventor(s) will be designated as such in the patent and SURGIVISIO will pay a premium of 1000 euros gross to be shared between the inventors.

Laurence VAN BEEK waives asking for any additional amount as royalties.

Laurence VAN BEEK undertakes to sign all documents useful for the filing of these patents and their extensions within four weeks after receipt and for the duration of the patents, even after the termination of the employment contract for any reason whatsoever.
