have invented and own a certain invention entitled:

VACCINATION SYRINGE

for which invention we have executed an application (provisional or non-provisional) for a U.S. patent, which was filed on November 11, 2010, as International Patent Application No. PCT/AU2010/0015054, designating the United States, and which entered the national stage in the United States on May 9, 2012, under U.S. Application No. 13/508,944, and

WHEREAS, UNITRACT SYRINGE PTY LTD, Suite 3, Level 11, 1 Chifley Square, Sydney, N.S.W. 2000, Australia, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title, and interest in and under the invention described in the patent application.

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, we assign and transfer to the Assignee and the Assignee's legal representatives, successors and assigns the full and exclusive rights in and to the invention in the United States and the entire right, title, and interest in and to the patent application and other such applications (e.g., provisional applications, non-provisional applications, continuations, continuations-in-part, divisionals, reissues, and reexaminations) that may be filed in the United States on the invention, and the patents or extensions thereof that may issue thereon, and we hereby authorize and request the Commissioner for Patents to issue United States patents to the above-mentioned Assignee agreeably with the terms of this assignment document.

WE HEREBY AUTHORIZE the Assignee to insert in this assignment document the filing date and application number of the application if the date and number are unavailable at the time this document is executed.

WE DO HEREBY COVENANT and agree with the Assignee that we will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and that we will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other
