ASSIGNMENT

WHEREAS, I, Daniel Anthony Estoque, of 5546 Spine Road, Unit 104, Boulder, CO 80301, have invented a certain new and useful invention(s) and for which the following patent applications have been prepared and filed with the U.S. Patent and Trademark Office (hereafter being collectively referred to as the "Applications"):

1. U.S. Provisional Patent Application No. 62/363,756, filed with the U.S. Patent & Trademark Office on 07-18-2016, and entitled "Durable, Child Resistant Container";
2. U.S. Provisional Patent Application No. 62/385,954, filed with the U.S. Patent & Trademark Office on 09-10-2016, and entitled "Vial Seal Thrust Bearing";
3. U.S. Provisional Patent Application No. 62/421,892, filed with the U.S. Patent & Trademark Office on 11-14-2016, and entitled "Durable, Child Resistant Container"; and
4. U.S. Patent Application No. 15/653,091, filed with the U.S. Patent & Trademark Office on 07-18-2017, and entitled "DURABLE, CHILD-RESISTANT CONTAINER WITH SEAL THRUST BEARING" (now U.S. Patent No. 10,518,939, issued 12-31-2019).

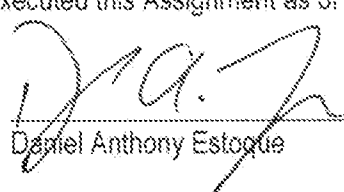

NOW THEREFORE, be it known that I, for and in consideration of certain good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, at the request of the assignee do sell, assign and transfer unto said assignee, Mediloq LLC (DBA Canniloq) (hereafter "Mediloq"), a Colorado Limited Liability Company having a place of business at 5546 Spine Road, Unit 104, Boulder, CO 80301, its successors, legal representatives and assigns, the aforesaid Applications and all rights to claim priority directly or indirectly to one or more of the aforesaid Applications and all converted non-provisional utility, continuation, divisional, continuation-in-part and reissue applications, all patent applications that claim priority directly or indirectly to one or more of the aforesaid Applications, all patent applications in foreign countries, all applications pursuant to the Patent Cooperation Treaty and all applications for extension filed or to be filed for the invention(s), and all Letters Patent, Invention Registrations, Utility Models, Extensions or Reissues and other patent rights, obtained for the invention(s) in the United States or any other country, including any and all causes of action arising under/based on any one or more of the Applications (specifically including: i) any and all such causes of action that existed on or before the execution date of this Assignment; ii) any and all such causes of action that may come into existence after the execution date of this Assignment; iii) the right to sue for any and all past, current, and/or future infringement of any patent issuing from any of the Applications and to be entitled to any and all remedies that may result from enforcement of any such patent (including with regard to U.S. Patent No. 10,518,939); and iv) the right to pursue a cause of action against a third party for damages and/or a reasonable royalty for the time period from publication of one or more of the Applications until its issuance as a U.S. patent and specifically including for all provisional rights set forth in 35 USC §154(d)); I also assign any right, title or interest in and to the invention(s) that has not already been transferred to Mediloq; I warrant that no assignment of the invention(s), application(s) or patent therefor has been made to a party other than Mediloq; I warrant that there is no obligation to make any assignment of the invention(s), application(s), or any patent therefor to any party other than Mediloq; and I further agree to cooperate with Mediloq hereunder in the obtaining and sustaining of any and all such Letters Patent and in confirming Mediloq's exclusive ownership of the invention(s), but at the expense of Mediloq.

The Commissioner For Patents is hereby authorized and requested to issue the Letters Patent solely in accordance with the terms of this Assignment to Mediloq LLC, its successors, legal representatives and assigns, as the assignee of the entire right, title and interest therein.

IN WITNESS WHEREOF, the party hereto has executed this Assignment as of the date indicated hereunder.

Date: 6/17/2021
