CONFIRMATORY ASSIGNMENT OF INTELLECTUAL PROPERTY

This Confirmatory Assignment of Intellectual Property ("Confirmatory Assignment") is made as of June 15, 2021, by and between Robert Cantu ("Assignor") and Edelhoff Technologies U.S.A., LLC, a Texas limited liability company (the "Company").

WHEREAS, Assignor and Company entered into a certain agreement entitled "Assignment of Intellectual Property," dated July 29, 2019 ("Assignment"), in which Assignor agreed to assign Provisional Patent Application number 62/721,161, with a filing date of August 22, 2018 (the "Provisional Patent Application") and certain intellectual property as defined in the Assignment ("Intellectual Property") to the Company;

WHEREAS, Assignor and Company desire to confirm that the assigned Intellectual Property includes: U.S. Patent number 10,583,316 issued on March 10, 2020 (the "Patent"); U.S. Patent Application number 16/528,341 filed on July 31, 2019 (the "Non-Provisional Patent Application"); the Provisional Patent Application; and the inventions described and claimed in any specification forming part thereof;

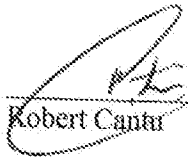

NOW, THEREFORE, in exchange for good and valuable consideration, including but not limited to Assignor's continued employment with the Company, the receipt, adequacy and legal sufficiency of which are hereby acknowledged, the parties agree as follows:

Assignor transfers, assigns, conveys, grants, sets over, and delivers to the Company, all of Assignor's right, title and interest in and to the Patent, the Non-Provisional Patent Application, the Provisional Patent Application, and all of Assignor's right, title and interest in and to the the invention entitled "SYSTEM FOR AUTOMATICALLY REGULATING BREATHING AIR SUPPLY AND DATA LOGGING," as described and claimed in any specification forming any part of the Patent, the Non-Provisional Patent Application, or the Provisional Patent Application, and any and all patent applications (including all divisions, substitutes, renewals, reissues, continuing applications, conversions, re-examinations and extensions) including the same for the United States and all foreign countries, and any patents that may issue or be granted therefor in the United States and any foreign countries, for the full terms for which the same may be granted or issued, together with all divisions, reissues, continuations, renewals, and extensions thereof including all priority rights under the International Convention associated therewith, together with all goodwill associated with the foregoing and all rights associated therewith, including, but not limited to, the rights to sue for past, present, or future infringement of any of the foregoing, to recover and retain past, present, or future damages due thereunder, to any and all royalties, profits, damages, fees, income, payments, and other proceeds now or hereafter due or payable, and to claim benefit and priority from the patent applications in the United States and any foreign countries, the same to be held and enjoyed by the Company for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

IN WITNESS WHEREOF, the parties have executed this Confirmatory Assignment as of the date set forth above.
