ASSIGNMENT

Whereas, **Marinette MOREAU** and **Elodie LEGO**, the "Assignors", made the invention described in **French Patent Application No. 1851353 filed February 16, 2018; Patent Cooperation Treaty Patent Application PCT/FR2019/050345 filed February 15, 2019;** and **United States Patent Application titled "MULTI-USE TORASEMIDE COMPOSITION"**, for a full description of which reference is here made to an application for Letters Patent of the United States filed on August 13, 2020, and assigned Application Serial No. 16/969,848;

Whereas, **VETOQUINOL SA**, a corporation organized and existing under the laws of Denmark, having a place of business at **Magny-Vernois, 34 rue du Chêne Sainte-Anne, 70200 LURE, FRANCE**, the "Assignee", desires to acquire the entire right, title and interest in and to the invention and the patent application identified above, and all patents which may be obtained for said invention;

Now, therefore, in consideration of valuable and legally sufficient consideration, the receipt of which is acknowledged by the Assignors, the Assignors sold, assigned, and transferred, and by this Assignment sell, assign, and transfer to the Assignee, the entire right, title, and interest for the United States in the invention and the patent applications identified above, and any patents that may issue in the United States; together with the entire right, title, and interest in the invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any convention; together with the entire right, title and interest in all continuations, divisions, renewals, and extensions of any of the patent applications and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents. The Assignors sell, assign, and transfer the entire right, title, and interest to the Assignee as of the earliest day of filing of any of the applications identified above.

The Assignors covenant and agree, for both the Assignors and the Assignors' legal representatives, in vesting in the Assignee exclusive title in all such other patent applications and patents; and that the Assignors will execute and deliver to the Assignee all additional papers that may be requested by the Assignee to carry out the terms of this Assignment.

The Commissioner of Patents and Trademarks is authorized and requested to issue patents to the Assignee under the terms of this Assignment.
