ASSIGNMENT

WHEREAS, Charles C. Gallop (hereinafter the "Assignor") has made certain new and useful inventions and improvements, which are described in an U.S. patent application assigned U.S. Patent Application Serial Number 62/417,983, entitled "Design Improvements for Mechanical Separation Devices," filed on November 4, 2016 (hereinafter the "Invention").

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency, and adequacy of which are hereby acknowledged by the Assignors, the Assignor does hereby irrevocably and unconditionally:

CONVEY, ASSIGN, AND TRANSFER to ICM, Inc. (hereinafter as "Assignee"), a corporation of the State of Kansas, having a place of business at 310 North First Street, Colwich, KS 67030, the Assignor's entire rights, title, and interest for the United States and all foreign countries and jurisdictions in and to:

the Invention in the above-identified application, and to all Letters Patent or similar legal protection having been filed or to be obtained therefor in the United States and its territorial possessions, and in any and all foreign countries;

such applications, utility application, all divisionals, continuations, reissues, and all other applications for a patent or patents which have been or shall be filed in the United States (including all non-provisional applications), and in all foreign countries based in whole or in part on any of such Invention (including any application for a utility model or an innovation patent application);

all original and reissued patents which have been or shall be issued in the United States and all foreign countries based in whole or in part on any of such Invention;

including the right to claim priority to the above-identified patent application and the right to file Patent Cooperation Treaty applications under the provisions of any convention or treaty, foreign patent applications;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on the Invention to Assignee.

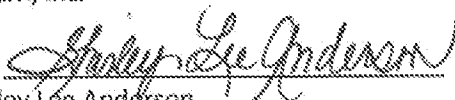

Assignor:

/CCGallop/

.....
Charles C. Gallop
City/State: Gower, MO

The Assignee accepts the assignment of the patent application(s) as identified above.
