## GRANT OF PATENT SECURITY INTEREST

GRANT OF PATENT SECURITY INTEREST (this "Grant"), dated as of June 4, 2021, is made by and between Viken Detection Corporation, a Delaware corporation f/k/a Heuresis Corp. with a principal place of business address of 21 North Avenue, Burlington, MA 01803 (the "Debtor") and Berkshire Bank, a Massachusetts banking corporation having an address of One Van de Graaff Drive, Suite 202, Burlington, MA 01803 (the "Secured Party").

WHEREAS, the Debtor owns and uses in its business, and will in the future adopt and so use, various intangible assets, including the Patent Collateral (as defined below); and

WHEREAS, Debtor and Secured Party entered into that certain Security Agreement, dated as of August 29, 2018 (the "Security Agreement"), pursuant to which Debtor granted to Secured Party a first priority continuing lien and security interest in all assets of the Debtor, including, among other things, a first priority security interest in and to the Patent Collateral.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, subject to the terms and conditions of the Security Agreement and to evidence further the Security Interest, Debtor hereby grants to Secured Party a first priority security interest in and to all of the Debtor's right, title and interest in and to all Debtor's patents, patent applications, continuations, and continuations-in-part, all as more fully set forth on Schedule A attached to this Agreement, and all other like protections, whether registered or unregistered, including without limitation all improvements, divisions, renewals, reissues, extensions, requests for continued examination, and continued prosecution applications relating thereto, and all foreign counterparts, together with the goodwill of the business symbolized by the foregoing, and all rights to any causes of action for and claims for damages by reason of infringement of any of such patents, patent applications and like protections, past, present and future, wherever located and whether arising prior to or after the date hereof, and any and all other rights arising out of or otherwise relating thereto and all proceeds thereof, such as, by way of example and not by limitation, license royalties and proceeds of infringement suits (all of the foregoing interests in this paragraph being the "Patent Collateral").

The Debtor does hereby further acknowledge and affirm that the rights and remedies of the Secured Party with respect to the security interest in the Patent Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

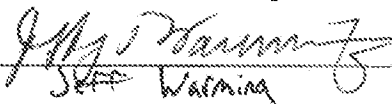

This Grant is not intended to constitute, nor shall it be deemed to constitute, a novation or extinguishment of the obligations of the Debtor evidenced by any previous grant of a security interest to the Secured Party by the Debtor in the Patent Collateral (each, a "Previous Grant") and shall in no event impair, limit, reduce or otherwise discharge the liability of the Debtor under any such Previous Grant or the Security Agreement, provided that the Secured Party and the Debtor hereby agree that this Grant shall be used for the purpose of recording the grant of a security interest in the Patent Collateral to the Secured Party with the United States Office of Patent & Trademark

*[Signature page follows.]*

IN WITNESS WHEREOF, each of the Debtor and Secured Party have caused this Grant of Patent Security Interest to be duly executed and delivered by its officer thereunto duly authorized as of the date hereof.

**DEBTOR:**

Viken Detection Corporation, a Delaware corporation, f/k/a Heuresis Corp.
