1. **Assignment.** Assignor hereby irrevocably conveys, transfers and assigns to Assignee, and Assignee hereby accepts from Assignor, all of Assignor's right, title, and interest in and to the following:
 - a. The patent(s) and/or patent application(s) set forth in Schedule 1, attached hereto, including all inventions and designs disclosed in the patent application and all corresponding provisional, non-provisional, divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent, utility models, industrial designs or similar intellectual property rights which have been or shall be filed in in any country on any of the inventions and designs; and all original and reissued patents which have been or shall be issued in any jurisdiction on the inventions and designs, including the right to apply for patent rights in each such country and all rights to priority; as well as the right to sue in Assignee's own name and recover damages for past infringement of any United States Letters Patent and foreign patent, including a reasonable royalty relating to provisional rights under 35 U.S.C. § 154(d) that have attached to any published United States patent application, on the inventions and designs (collectively, the "Assigned Patent Rights");
 - b. All rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;
 - c. Any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
 - d. Any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on or after the Effective Date, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.
