PATENT ASSIGNMENT

WHEREAS, we, Lot William Short Jr., with a residence address at 9831 Edgecove Drive, Dallas, Texas 75238; Robert Bradley Beggs, with a residence address at 8413 Scottsdale Drive, Rowlett, Texas 75089; and Richard Earl Beggs, with a residence address at 9105 Clearlake, Rowlett, Texas 75088 (the "Assignors") have caused to be filed patent applications for certain new and useful improvements disclosed and described in U.S. Application No. 13/517,870, filed June 14, 2012 and U.S. Application No. 13/441,230 filed April 6, 2012, each of which is entitled "Method and Apparatus for Reaming Well-Bore Surfaces Nearer the Center of Drift," in which the Assignors are named as the inventors, and which claim priority based upon U.S. Provisional Application No. 61/473,587 filed April 8, 2011, entitled "Method and Apparatus for Reaming Well-Bore Surfaces Nearer the Center of Drift" (the Applications collectively referenced as the "Applications");

WHEREAS, James D. Isenhour has caused to be filed a patent application for certain new and useful improvements disclosed and described in U.S. Application No. 13/442,316, filed April 9, 2012, entitled "Method and Apparatus for Reaming Well Bore Surfaces Nearer the Center of Drift," in which James D. Isenhour is named as the inventor and which claims priority based upon U.S. Provisional Application No. 61/473,587 filed April 8, 2011, entitled "Method and Apparatus for Reaming Well-Bore Surfaces Nearer the Center of Drift" (referred to as the "Isenhour Application").

WHEREAS, 3cReamers, LLC, a Colorado limited liability company (the "Assignee"), is desirous of acquiring all rights Assignors may have to the Applications and the Isenhour Application, and any and all priority documents, all related applications related by claiming the benefit of the same filing date (including International, regional and national stage applications);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignors, Assignors do hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, Assignors' entire right, title, and interest in the above-referenced Applications and Isenhour Application, and in and to any and all letters patent, including extensions thereof, in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to the aforesaid Applications and Isenhour Application, including provisional, divisional, renewal, substitute, continuation, reexamination and reissue applications, any foreign applications, including international and regional applications, claiming the benefit of the filing date of any of the Applications and Isenhour Application, in and to any and all letters patent, including extensions thereof, of any country which have been or may be granted on any of the aforesaid Applications and Isenhour Application and in and to any right to claim priority to any of the aforesaid patents and/or patent applications and all right of recovery for prior infringement;

AND Assignors hereby covenant for themselves and their legal representatives, and agree with said Assignee, its successors and assigns, that Assignors have granted no right or license to the Applications, the Isenhour Application, or any patent(s) that may issue therefrom, to anyone except said Assignee;

IN WITNESS WHEREOF, Assignors hereunto set their hand and seal.

FOR THE ASSIGNORS (THE NAMED INVENTORS):

Lot William Short Jr.
