ASSIGNMENT

Whereas, Robert R. Snediker and Raymond J. Gradecki, the "Assignors", are the inventors of the invention shown and described in U.S. Patent Application No. 16/746,163 titled Dry Food Dispensing Apparatus filed on January 17, 2020;

Whereas, Chicago Show, Inc., a corporation having a place of business at 851 Asbury Drive, Buffalo Grove, IL 60089, the "Assignee", desires to acquire the entire right, title and interest in the inventions and the patent application(s) identified above, and all patents which may be obtained for the inventions;

Now, therefore, in consideration of valuable and legally sufficient consideration, the receipt of which is acknowledged by the Assignors, the Assignors sold, assigned, and transferred, and by this Assignment sell, assign, and transfer to the Assignee, the entire right, title, and interest for the United States in the inventions and the patent application(s) identified above, and any patents that may issue, including the full right to claim for any such applications all benefits and priority rights under any convention; together with the entire right, title and interest in all continuations, divisions, renewals, and extensions of any of the patent applications and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents. The Assignors sell, assign, and transfer the entire right, title, and interest to the Assignee as of the earliest day of filing of any of the applications identified above and including the date any patents on the invention may issue or be amended..

The Assignors covenant and agree, for both the Assignors and the Assignors' legal representatives, that the Assignors will assist the Assignee in the prosecution of the patent applications identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the inventions identified above; in vesting in the Assignee exclusive title in all such other patent applications and patents; and in the prosecution of any interference which may arise involving the inventions, or any such patent application or patent; and that the Assignors will execute and deliver to the Assignee all additional papers that may be requested by the Assignee to carry out the terms of this Assignment.

The Commissioner of Patents and Trademarks is authorized and requested to issue patents to the Assignee under the terms of this Assignment.
