## ASSIGNMENT

This Assignment is made by **Mark T. Raines** (hereinafter referred to as "Assignor").

WHEREAS, Assignor has invented or co-invented a new and useful invention entitled:  
**DEVICES AND METHODOLOGIES FOR PHYSICAL THERAPY AND WELL BEING**  
for which an application for United States Letters Patent was made, said application having the foregoing title and being assigned U.S. Application No. 14/217,421 and a filing date of March 17, 2014, which subsequently issued as U.S. 10,363,195 on July 30, 2019, and for which continuation-in-part application U.S. Serial No. 16/527,011 was filed on July 30, 2019, which has the same inventors and title, and which claims the benefit of priority from U.S. application number 14/217,421.

WHEREAS, Assignor believes that Assignor is an original inventor of the invention disclosed and claimed in said application for Letters Patent;

WHEREAS, MOBO System, LLC (hereinafter referred to as "Assignee") has obtained certain rights in the foregoing invention as specified below; and

WHEREAS, Assignor and Assignee (hereinafter, the Parties) desire to have a recordable instrument assigning Assignor's entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said inventions in the United States and throughout the world, including all U.S. applications, Continuation-In-Part applications, Continuation applications, Divisional applications, and PCT and/or foreign national and/or regional applications;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor sells, assigns, and transfers to Assignee Assignor's entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor and/or Assignor's legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor represents and warrants that Assignor has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed divisional, continuation, continued prosecution application or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date provided below.

## **ASSIGNMENT**

This Assignment is made by **Christie Powell** (hereinafter referred to as "Assignor").

WHEREAS, Assignor has invented or co-invented a new and useful invention entitled: **DEVICES AND METHODOLOGIES FOR PHYSICAL THERAPY AND WELL BEING** for which an application for United States Letters Patent was made, said application having the foregoing title and being assigned U.S. Application No. 14/217,421 and a filing date of March 17, 2014, which subsequently issued as U.S. 10,363,195 on July 30, 2019, and for which continuation-in-part application U.S. Serial No. 16/527,011 was filed on July 30, 2019, which has the same inventors and title, and which claims the benefit of priority from U.S. application number 14/217,421.

WHEREAS, Assignor believes that Assignor is an original inventor of the invention disclosed and claimed in said application for Letters Patent;

WHEREAS, MOBO System, LLC (hereinafter referred to as "Assignee") has obtained certain rights in the foregoing invention as specified below; and

WHEREAS, Assignor and Assignee (hereinafter, the Parties) desire to have a recordable instrument assigning Assignor's entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said inventions in the United States and throughout the world, including all U.S. applications, Continuation-In-Part applications, Continuation applications, Divisional applications, and PCT and/or foreign national and/or regional applications;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor sells, assigns, and transfers to Assignee Assignor's entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor and/or Assignor's legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor represents and warrants that Assignor has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed divisional, continuation, continued prosecution application or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date provided below.
