**INTER-COMPANY ASSIGNMENT**

WHEREAS, at the time the Inventions (as defined below) were conceived, Thomas D. Briselden, ("Inventor") was a resident North East, Pennsylvania and an employee of SPINWORKS INTERNATIONAL CORP. having an office at 10093 W. Main Rd. North East, PA 16428, United States of America ("Assignor");

WHEREAS, ownership in such Inventions originally vested in Assignor in accordance with the laws of the country in which Inventor was a resident and an employee of Assignor when the Inventions were conceived; and

WHEREAS, Assignor desires to assign the Inventions to SAINT-GOBAIN CERAMICS & PLASTICS, INC., a Delaware Corporation, having a place of business at One New Bond Street, Worcester, MA 01615-0138, United States of America ("Assignee"), and Assignee desires to accept the assignment from Assignor,

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, its successors, assigns and legal representatives, Assignor's entire right, title and interest throughout the world, including all rights to claim priority, in and to the invention disclosed in:

- ☐ U.S. Patent Application executed on or about the date of this Assignment,
- ☐ U.S. Patent Application executed on \_\_\_\_\_, or
- ☐ Priority Application \_\_\_\_\_, filed on \_\_\_\_\_,
- ☒ U.S. Application No.: 11/372,683, filed on March 10, 2006,
- ☐ International Application No.: \_\_\_\_\_, filed on \_\_\_\_\_

ENTITLED: HEAT EXCHANGING INSERT, and naming as

INVENTOR(S): Thomas D. Briselden.

("Inventions").

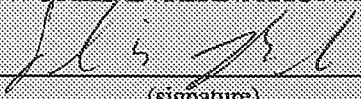

Assignee and Assignor acknowledge and confirm the Inventor has authorized the Assignee, its successors, assigns and legal representatives to apply for and be granted patents in the United States and foreign countries for the Inventions, and to claim all rights of priority without further authorization from the Inventor. Assignor hereby covenants that no assignment, sale, license, agreement, or encumbrance has been or will be made or entered into that would conflict with this Inter-Company Assignment.

Furthermore, Assignor hereby quit claims, sells, transfers, conveys and assigns for and in consideration of certain good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, to Assignee, its successors, and assigns, including without limitation, my entire right, title and interest in and to any and all United States and foreign applications (including international, regional and foreign national applications) for the Inventions, including divisions, continuations, continuations-in-part, utility models, industrial designs, renewals, substitutes and extensions thereof, and in and to any and all patents, invention registrations, or other forms of protection ("Patents") of every country or region that may be granted or have been granted for the Inventions, including any reissues and reexaminations thereof.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignee, Assignor and/or Assignor's legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing the Patents in the United States and throughout the world for the Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to the Inventions, the application, and any Patents granted for the Inventions in the United States and throughout the world.

Assignor authorizes and requests the Director of the United States Patent and Trademark Office and agencies, departments, or other similar offices and officials of all foreign countries to issue any Patents granted for the Inventions, whether on the application or on any subsequently filed divisional, continuation, continuation-in-part, reexamination, reissue or other application, to Assignee, its successors and assigns, as the assignee of the entire interest in the Inventions.
