ASSIGNMENT

I. ASSIGNOR.

I, Martin D. Ring, residing at 42 Bay Colony Drive, Ashland, MA 01721 (hereinafter "ASSIGNOR") have invented a certain improvement described in an Application for Patent of the United States with the following details:

Filing date: 08/17/2020

US Application No. 16/995,742

Title: Earbud for Detecting Biosignals from and Presenting Audio Signals at an Inner Ear Canal and Method Therefor

II. ASSIGNEE.

MindMics, Inc. with taxpayer ID 832395821 (hereinafter "ASSIGNEE"), is a corporation organized and existing under the laws of Massachusetts, and has a usual place of business at

90 Sherman Street
Cambridge, MA 02140

desires to acquire an interest in the aforementioned Application for Patent, in accordance with agreements duly entered into with me, the ASSIGNOR.

III. ASSIGNMENT.

Therefore, in consideration of the agreements duly entered into, and of other good and valuable consideration, the receipt of which is acknowledged:

ASSIGNOR agrees to assign and transfer unto the ASSIGNEE, its successors, assigns and legal representatives: the entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in the invention as described in the Application, together with the entire right, title and interest in the Application and such Letters Patent as may issue from the Application; the invention, Application and Letters Patent to be held and enjoyed by the ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which the Letters Patent may be granted as fully and entirely as the same would have been held by me, had this assignment and sale not been made;

ASSIGNOR also conveys all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent;

ASSIGNOR acknowledges that this assignment, which includes the entire right, title and interest

in the invention, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of ASSIGNEE's selection, and the right to procure the grant of all such Letters Patent to ASSIGNEE for its own name as assignee of the entire right, title and interest in the Letters Patent;

AND, ASSIGNOR further agrees for myself, and for my executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to fully secure the invention to the ASSIGNEE, its successors, assigns and legal representatives, but at ASSIGNEE's expense and charges, including: the execution of Applications for patents in foreign countries, the execution of substitution, reissue, extension, divisional or continuation Applications; providing preliminary or other statements; and providing testimony in any derivation, reexamination, or other proceeding in which the invention or any Application or patent directed thereto may be involved;

AND, ASSIGNOR further agrees to: (a) cooperate with ASSIGNEE in the prosecution of the Application and with foreign counterparts; (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as ASSIGNEE lawfully may request to obtain or maintain the Patent for the invention in any and all countries;

AND, ASSIGNOR authorizes and requests the Commissioner of Patents of the United States to issue such Letters Patent as shall be granted upon the Application or Applications based thereon to the ASSIGNEE, its successors, assigns, and legal representatives.
