PATENT ASSIGNMENT

1. In consideration of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Troy Becker (“Becker”), an individual does hereby sell, assign and transfer to QwikLED, Inc., a California corporation (“QwikLED”), its successors and assigns, the entire and exclusive right, title and interest in and to the patents and patent applications listed in Exhibit A and all of the inventions claimed and described therein in the United States and throughout the world, and in and to any applications for patent (provisional or non-provisional) and patents which may be filed, granted and issued from the foregoing in any and all countries including any counterparts, continuation applications, divisional applications, design applications, continuation-in-part applications, substitute applications, reexaminations, reissue applications, renewal applications, extensions and all other patent rights that have been or shall be filed in the United States and all foreign countries from or on any of the foregoing (altogether, the “Becker Patent Assets”).
2. Becker hereby authorizes and requests that all patents resulting from this assignment be issued to QwikLED, as assignee of the entire interest.
3. Becker hereby agrees that QwikLED may apply for and receive a patent or patents in its own name based upon any of the Becker Patent Assets.
4. QwikLED shall have the right to assign this Patent Assignment and any or all of the rights hereunder, and each later assignee shall have the rights of QwikLED hereunder.
