ASSIGNMENT

This Assignment is made effective as of **July 15, 2021**, by and among Ull America, Inc., an American company having a place of business at 125 Cambridgepark Drive, Suite 204, Cambridge, MA 02140, USA ("Assignor") and Shanghai United Imaging Intelligence Co., Ltd., a Chinese company having a place of business at 3rd Floor, No. 2879 Longteng Avenue, Xuhui District, Shanghai, 200232, P.R. China ("Assignee").

WHEREAS, Assignor is the owner of all right, title and interest in, to and under the inventions (hereinafter the "Transferred Inventions") disclosed in U.S. Patent Application Ser. No. 17/378,495, prepared under Zhong Law LLC Attorney Docket No. ZL0100-0020-US, and entitled **KEY POINTS DETECTION USING MULTIPLE IMAGE MODALITIES**;

[Assignor and Assignee hereby authorize an attorney or agent for Zhong Law LLC (USPTO Customer Number 155075) to insert above the application number of the U.S. patent application that includes the Transferred Inventions when known]

and

WHEREAS, Assignee is desirous of securing the entire right, title, and interest in, to and under the Transferred Inventions.

NOW, THEREFORE, in consideration of the mutual covenants, conditions, and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Assignment. Assignor hereby assigns, transfers and conveys to Assignee in perpetuity, and Assignee hereby accepts, all right, title and interest, whether now or hereafter existing, in and to the Transferred Inventions. As part of such assignment, Assignor assigns, transfers, and conveys to Assignee, for Assignee's own use and enjoyment and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully as the same would have been held and enjoyed by Assignor if this Assignment had not been made, the following:

(a) all patents, and patent applications, provisional and non-provisional, obtained or resulting from any of the Transferred Inventions, including the right to claim priority therefrom;

(b) all reissues, reexaminations, extensions, non-provisional applications, continuation applications, continuation-in-part applications, continuing prosecution applications, requests for continuing examinations, divisional applications, and registrations of any of the Transferred Inventions and/or any item in the foregoing category (a);

(c) all foreign counterpart patents and foreign counterpart patent applications relating to and/or directly or indirectly claiming priority from any of the Transferred Inventions and/or any item in any of the foregoing categories (a) through (b), including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and any other governmental grants or issuances;

(d) all inventions, invention disclosures, designs and discoveries made, disclosed, or claimed based on any of the Transferred Inventions and/or any item in any of the foregoing categories (a) through (c);

(e) all rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to any of the Transferred Inventions and/or any item in any of the foregoing categories (a) through (d), including, without limitation, under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty or any other similar convention, treaty, agreement or understanding;

(f) for any of the Transferred Inventions and/or any of the foregoing categories (a) through (e) terminally disclaimed to another patent or patent application, all patents and patent applications subject to any terminal disclaimer; and

(g) all patents that issue from any of the Transferred Inventions and/or any item in any of the foregoing categories (a) through (f).

2. Recordation. Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office, and the corresponding entities or agencies in each applicable foreign country or multinational authority, to: (a) record Assignee as the assignee and owner of the entire interest in any patent obtained or any patent application filed based on the Transferred Inventions; (b) deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment; and (c) issue any and all patents, certificates of invention, utility models, or other governmental grants or issuances that may be granted for any of the Transferred Inventions or other rights identified in this Assignment in the name of Assignee, as the assignee to the entire interest therein.

3. Further Assurance. At any time and from time to time after the date hereof, Assignor shall promptly execute and deliver such other instruments of sale, transfer, conveyance, assignment, assumption and confirmation, and take such other actions as Assignee may reasonably request to carry out the purpose and intent of this Assignment including any act necessary or desirable for obtaining, sustaining or reissuing any registrations relating to any of the Transferred Inventions and any other rights identified in this Assignment, and to transfer, convey, assign and deliver to Assignee the title in and to the Transferred Inventions and other rights identified in this Assignment, and to confirm Assignee's acceptance, assumption and undertaking with respect thereto.

4. Miscellaneous.
