ASSIGNMENT

In consideration of One Dollar and other good and valuable consideration, of which I acknowledge receipt, **Wolfgang Walter** sell and assign to **Buss AG** (hereinafter Assignee), its successors and assigns the entire right, title and interest in and to the improvements in **Mixing and Plasticating Machine Having Effective Venting in the Region of the Feed, and Method Related Thereto** invented by me, as described in the application for United States Patent Application Serial No. 17/294,583 filed on May 17, 2021, and any and all applications for patent and patents therefor in any and all countries, including all divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said application(s), and authorize and request any official whose duty it is to issue patents, to issue any patent on said improvements or resulting therefrom to said Assignee, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Assignee, I will communicate to said Assignee or its representatives or nominees any facts known to us respecting said improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid said Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for said improvements in all countries.

I authorize the attorneys filing this application to insert the serial number and filing date of the US Application in the blanks herein after execution of this document.
