## ASSIGNMENT

THIS ASSIGNMENT (this "Assignment") is entered into this 21 day of April, 2020 (the "Effective Date") by and between the Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno ("University") and Nevada Research & Innovation Corporation, a corporation organized and existing under the laws of the State of Nevada hereinafter ("NVRIC") which agree as follows:

WHEREAS, University, having been assigned all interests in a certain invention entitled *Universal fungal mannan epitope as a target for immunoassay detection of fungal infection*, for which the following patent applications have been filed:

U.S. Provisional Application No. 62/151,865, filed 4/23/2015;

PCT Application No. PCT/US2016/029085, filed 4/23/2016;

U.S. Application No. 15/567,547, filed 10/18/2017;

Canadian Application No. 2,983,732, filed 10/23/2017

European Application No. 16784054.5, filed 11/23/2017

U.S. Application No. 16/776,995, filed 1/30/2020 (collectively referred to as the "University Patents"); and

WHEREAS, NVRIC has entered into an Affiliation Agreement with the Board of Regents of the Nevada System of Higher Education, effective May 21, 2018, for the purpose of NVRIC promoting research, discovery, innovation and technology transfer at University;

WHEREAS, NVRIC desires to acquire the University Patents:

NOW, THEREFORE, for good and valuable consideration in the sum of \$1.00, the receipt of which is hereby acknowledged, the parties agree as follows:

1. The University hereby sells, assigns and transfers to NVRIC, the full and exclusive right, title and interest in and to said invention, patent application(s) and patent rights throughout the world, including foreign patent rights, the right to file and prosecute patent protection in this or any foreign country, and all reissues and extensions thereof, to be held and enjoyed by NVRIC, acting at all times in the best interests of the University, and for its

successors and assigns to the full end of the term for which patent may be granted in this or any foreign country.

2. The University represents that it has full right to convey the University Patents herein assigned.

3. NVRIC shall use its best efforts to commercialize the University Patents and to conduct any licensing, commercialization and related activities in compliance with all applicable state and federal laws, including the "Bayh-Dole Act" as set forth in 35 U.S.C. §§ 200-212.

4. NVRIC shall indemnify, defend and hold harmless the University, its officers, employees and agents from and against any and all liabilities, claims, losses, costs or expenses to the person or property of another, lawsuits, judgments and/or expenses, including attorney fees, arising either directly or indirectly from any act or failure to act by NVRIC or any of its officers or employees, which may occur during or which may arise out of the performance of this Assignment.

IN WITNESS WHEREOF, University and NVRIC have executed this Assignment by their respective and duly authorized officers at Reno, Nevada, on the day and year written.
