**ASSIGNMENT**

We the undersigned,

Peter Thisted Svoldgaard, Tranebærvej 42, 9530 Støvring  
Mads Aagaard Dahl, Mossøparken 8, 9700 Brønderslev  
Rasmus Tom Reimers Nørgaard, Mortensensvej 13B, 8963 Auning  
Jens Skov Damgaard, Kornblomstvej 57, 9000 Aalborg

(hereinafter referred to as the Assignors)

confirm by the present document that I/we have assigned, and do hereby assign, all my/our rights and title to as well as our interest in the invention entitled: "System for opening and emptying a box with a lid"

for which International (PCT) patent application No. PCT/EP2020/052874 was filed on 5 February 2020, to

Marel Salmon A/S, Juelstrupparken 14, 9530 Støvring, Denmark  
(Business registration no.: 66309711)

(hereinafter referred to as the Assignee)

The present Assignment covers all countries of the world and the Assignee is hereby entitled to file applications in any country and to abstain from seeking patent protection in any and all countries at its discretion.

We further grant the Assignee right to communicate our names and mailing addresses to patent authorities and patent counsel acting on behalf of the Assignee in order to comply with an inventor's right to be mentioned on published intellectual property right applications and registrations. We at the same time agree that our names and mailing addresses may be made available to the public on published intellectual property right applications and registrations and in official intellectual property right registers.

The present Assignment also includes our right to claim priority from the above-identified patent application under the Paris Convention or any other multilateral or bilateral treaty.

The Assignors hereby agree to execute any additional assignments and/or other documents required in connection with the prosecution of the patent applications as well as to perform any additional acts necessary to enable the Assignee or its successors, legal representatives and assigns to enjoy the full rights of the present Assignment, including applying for a patent for the invention in the USA and assigning the US patent application and any patent(s) issuing thereon to the Assignee or its successors and assigns and legal representatives.
