CONFIRMATORY LICENSE

Title of Invention: Fractional Delay Filter for a Digital Signal Processing System
Inventor(s): Dennis Stanley, Audrey Chritton
Patent Application Serial No.: 16/985,884 **Filing Date:** August 5, 2020
Patent Number: **Issue Date:**
Contractor: Honeywell Federal Manufacturing & Technologies, LLC
DOE Contract No.: DE-NA0002839

The named Contractor has reported the above identified invention as a Subject Invention to DOE and has elected to retain title thereto.

Contractor hereby confirms that under the provisions of the above-numbered contract governing patent rights, it has granted to the Government a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the Subject Invention throughout the world. The license applies to the invention in the above-identified patent application and any and all divisions or continuations thereof and any resulting patent or reissue patent which may be granted thereon.

It is understood and agreed that this license does not preclude the Government from asserting rights under the provisions of the above-identified contract or any other agreement between the Government and the named Contractor, or asserting any other Government rights with respect to the above-identified Subject Invention.
