ASSIGNMENT AGREEMENT

This Assignment Agreement ("Assignment") is entered into by and between Eloqui Voice Systems, LLC, a California limited liability company ("Assignor"), and Shadow Prompt Technology AG, a Swiss company ("Assignee," and collectively with Assignor the "Parties"). This Assignment is effective upon the date of execution provided by the Assignor or its authorized representative below ("Effective Date").

WHEREAS, Assignor is the sole owner of all right, title, and interest in and to the patents and patent applications listed in Exhibit A, attached hereto and hereby incorporated by reference in its entirety (the "Patents");

WHEREAS, Assignor desires to assign to Assignee all rights, title, and interest in and to the Patents to Assignee; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignor assigns its entire worldwide right, title, and interest in the invention and the Patents to Assignee, for the entire term of the Patents, including any reissues or reexaminations of the Patents, for the entire terms of any patents, reissues, reexaminations, or extensions that may issue from foreign applications, divisions, continuations in whole or part or substitute applications filed claiming the benefit of the Patents. The right, title and interest conveyed in this Assignment is to be held and enjoyed by Assignee as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made. The rights transferred include, without limitation, all rights granted to the sole owner of a patent under Title 35 of the United States Code, such as the right to prosecute, and receive all damages, royalties, awards and compensation for past, present and/or future infringement, and the right to use, make, sell, offer to sell, and/or import goods and/or services related to the Patent.
2. Assignor further agrees to:
 - i. execute, verify, acknowledge, and deliver all oaths, instruments of transfer, applications, and/or other papers necessary or desirable to completely vest the entire right, title and interest to the Patents with Assignee alone; and
 - ii. perform such other acts as Assignee lawfully may request to obtain or maintain the Patents and any applications and registrations for the invention in any country.
3. Assignor represents and warrants that Assignor has the authority to assign the entire invention and Patents.
4. Assignor represents and warrants that Assignor has no knowledge of facts or circumstances which would prevent Assignor's actions under the terms of this Assignment.

The undersigned having read this Assignment, and fully understanding the provisions of this Assignment, hereby executes this Assignment as of the Effective Date.
