ASSIGNMENT

WHEREAS, I, the below named inventor, hereinafter referred to as ASSIGNOR, is the or an owner of certain new and useful improvements in the above identified British patent application (with the title "System and method for mounting of polygonal display wall") (hereinafter referred to as the INVENTION).

WHEREAS, BARCO CONTROL ROOMS GMBH having registered offices at Greschbachstrasse 5a D, D-76229 Karlsruhe, Germany

hereinafter referred to as ASSIGNEE, is desirous of acquiring the entire right, title and interest in and to the INVENTION in Great Britain and any other country;

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, I, ASSIGNOR, by these presents do sell, assign and transfer unto said ASSIGNEE, the entire right, title, and interest in and to said INVENTION and application for Great Britain and any other country, including any and all patents granted on any division of said application.

ALSO, ASSIGNOR, by these presents does sell, assign and transfer unto said ASSIGNEE, the entire right, title, and interest in and to said INVENTION in all other countries, and the right to claim priority from said British application under the Paris Convention and other applicable international agreements in any subsequent applications pertaining to said INVENTION, including any national, regional, or international applications for patents, continuation patent applications, continuation in part patent applications, divisional patent applications, utility model applications and patents or utility models derived therefrom.

ALSO, ASSIGNOR hereby agrees to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of said application or any other patent application(s) in any country for said INVENTION, including additional documents that may be required to affirm the rights of ASSIGNEE in and to said INVENTION, all without further consideration. ASSIGNOR also agrees, without further consideration and at ASSIGNEE's expense, to identify and communicate to ASSIGNEE at ASSIGNEE's request documents and information concerning the INVENTION that are within ASSIGNOR's possession or control, and to provide further assurances and testimony on behalf of ASSIGNEE that lawfully may be required of ASSIGNOR in respect of the prosecution, maintenance and defense of any patent application or patent encompassed within the terms of this instrument. ASSIGNOR's obligations under this instrument shall extend to ASSIGNOR's heirs, executors, administrators and other legal representatives.
