confirm our obligation to and effective as of February 1, 2019, hereby sell, assign and convey,
unto Assignee, its successors and assigns, our entire right, title and interest –

(1) in and to an invention entitled “BICYCLIC PYRIDINE COMPOSITIONS AND METHODS OF USING THE SAME FOR CANCER THERAPY” for which United States Provisional Patent Application No. 62/800,239 was filed February 1, 2019 (Atty. Docket No. 6566-00003) (hereinafter the “United States Provisional Patent Application”);

(2) in and to said United States Provisional Patent Application, in and to all other patent applications derived from or relating to said United States Provisional Patent Application (including divisional, continuation, continuation-in-part, §111(b) provisional, §111(a), and reissue applications) based upon said inventions, and in and to the patent or patents to be granted thereon, including reissues or reexaminations thereof, if any, to the full end of the term or terms for which said patent or patents may be granted;

(3) in and to all patent applications on said inventions now or hereafter filed in countries foreign to the United States of America, and in and to any and all patents granted on said applications to the full end of the terms for which said patents may be granted; and

(4) in and to all applications filed under International Conventions on the inventions or claiming priority to the United States Provisional Patent Applications.

We agree that any patent applications with a claim to priority based on said United States Provisional Patent Application filed in any foreign countries may be filed in the name of Assignee.

We hereby agree that we will, upon demand of Assignee, its successors or assigns, and without further consideration to us, execute any and all papers that may be necessary, or deemed to be necessary, by Assignee, its successors or assigns, to a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by us.

The Commissioner of Patents and Trademarks of the United States is hereby authorized and requested to issue said United States patent or patents to Assignee.
