### RECITALS:

WHEREAS, pursuant to that certain Credit Agreement, dated as of the date hereof (as amended, supplemented, amended and restated or otherwise modified from time to time, the “Credit Agreement”), by and among the Borrower, the financial institutions from time to time party to the Credit Agreement as lenders (collectively, with their permitted successors and assignees, the “Lenders”), and the Secured Party, the Lenders have agreed to provide certain financial accommodations to the Borrower; and

WHEREAS, the Lenders are willing to extend financial accommodations to the Borrower as provided for in the Credit Agreement, but only upon the condition, among others, that the Grantors shall have executed and delivered to the Secured Party, for its benefit and the benefit of itself and the Lenders, this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

#### Section 1. Defined Terms; Rules of Construction.

The words “herein”, “hereof” and “hereunder” or other words of similar import refer to this Agreement as a whole, including the Exhibits, Addenda, Annexes and Schedules thereto, as the same may be from time to time amended, modified, restated or supplemented, and not to any particular section, subsection or clause contained in this Agreement. Section 2. Grant of Security Interest in Intellectual Property Collateral. To secure the prompt payment to the Lenders of the Obligations of the Grantors now or hereafter existing from time to time, each Grantor hereby pledges and grants to the Secured Party, for its benefit and the benefit of the Lenders, a continuing security interest in and Lien upon all of such Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "Collateral"):

- (a) Trademarks and Trademark Licenses to which it is a party, including those referred to on Schedule I hereto;
- (b) Patents and Patent Licenses to which it is a party, including those referred to on Schedule II hereto;
- (c) Copyrights and Copyright Licenses to which it is a party, including those referred to on Schedule III hereto;
- (d) Intellectual Property not covered by the foregoing, including those referred to on Schedule IV hereto;
- (e) Renewals, reissues, continuations, divisions, or extensions of any of the foregoing;
- (f) Rights to sue third parties for past, present or future infringement, dilution, misappropriation, or other violation of rights in any Intellectual Property, including injury to the goodwill associated with any Trademark, and all causes of action for the same; and
- (g) All products and Proceeds of all or any of the foregoing, tort claims and all claims and other rights to payment including (i) insurance claims against third parties for loss of, damage to, or destruction of, the foregoing Collateral and (ii) payments due or to become due under licenses of any or all of the foregoing and Proceeds payable under, or unearned premiums with respect to policies of insurance in whatever form; provided, however, that the Collateral shall not constitute a grant of a security interest in any trademark or service mark applications filed in the PTO on the basis of any Grantor's intent to use such trademark or service mark, unless and until a statement of use or amendment to allege use is filed in the PTO, in which event, such trademark or service mark shall automatically be included in the Collateral.

Notwithstanding anything to the contrary in this Agreement, the term "Collateral" shall be deemed to exclude, all of the following property: (A) any intent-to-use trademark applications filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. §1051, to the extent that, and solely during the period in which, the grant of a security interest therein otherwise invalidate a Grantor's right, title or interest therein, (B) any property owned by a Grantor that is subject to a purchase money Lien or a Finance Lease permitted hereunder and under the Credit Agreement if the contractual obligation pursuant to which such Lien is granted (or the document providing for such Finance Lease) prohibits the creation of a Lien thereon, or gives any other party to such Finance Lease the right to terminate such Finance Lease in the event of such Lien, or expressly requires the consent of any person other than a

Loan Party, unless such consent has been obtained or such prohibitions otherwise cease to exist, in which case such Collateral shall automatically become subject to the security interest granted hereunder, (C) any General Intangibles or other rights, in each case arising under any contracts, instruments, licenses or other documents as to which the grant of a security interest would violate or invalidate any such contract, instrument, license or other document or expressly require the consent of any person other than a Loan Party, unless such consent has been obtained, or give any other party to such contract, instrument, license or other document the right to terminate its obligations thereunder, (D) any asset, the granting of a security interest in which would be void or illegal under any applicable governmental law, rule or regulation, or pursuant thereto would result in, or permit the termination of, such asset, and (E) the Excluded Accounts; provided, that the property described in clauses (C) and (D) above shall only be excluded from the term "Collateral" to the extent the conditions stated therein are not rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC or any other Applicable Law;

Section 3. Representations and Warranties. Each Grantor represents and warrants to the Secured Party, in addition to the representations and warranties in the Credit Agreement and the other Loan Documents, that this Agreement, together with the Security Agreement, is effective to create a valid security interest in favor of the Secured Party, for its benefit and the benefit of the Lenders, in all of such Grantor's Collateral. Upon (i) the filing of this Agreement in the United States Copyright Office (with respect to the Copyrights set forth on Schedule III hereto registered with the United States Copyright Office), (ii) the filing of all appropriate UCC-1 financing statements (with respect to each Grantor's (A) Patents, (B) Trademarks and (C) any Copyrights of such Grantor not registered with the United States Copyright Office) and (iii) the filing of this Agreement in the PTO (with respect to the Patents set forth on Schedule II hereto that have been granted by the PTO and the Trademarks set forth on Schedule I hereto that are registered with the PTO), such security interest will be enforceable as such as against any and all creditors of, and purchasers from, such Grantor (subject only to Permitted Liens and the Intercreditor Agreement) and all action necessary to perfect such security interest in such Collateral shall have been taken.

Section 4. [RESERVED].

Section 5. Loan and Security Agreement. The security interests granted pursuant to this Agreement are granted in conjunction with the security interests granted by each Grantor to the Secured Party, for its benefit and the benefit of the Lenders pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Secured Party with respect to the Collateral made and granted herein are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Any rights and remedies set forth herein are without prejudice to, and in addition to, those set forth in the Credit Agreement and the Security Agreement. In the event any provisions contained herein expressly conflict with any provisions in the Credit Agreement or the Security Agreement covering Intellectual Property, the provisions herein shall control.

The Secured Party, subject to the provisions of Section 9 of the Credit Agreement, including receipt of indemnification or security satisfactory to Agent, shall act (or omit to act) at

the direction of the Required Lenders under any provision of this Agreement requiring the Secured Party to take action or to omit from taking action (other than ordinary administration) or to exercise discretion.

Section 6. Reinstatement. This Agreement shall remain in full force and effect and continue to be effective should any petition be filed by or against any Grantor for liquidation or reorganization, should any Grantor become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of such Grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

Section 7. [RESERVED].

Section 8. Notices. All notices hereunder shall be in writing (including facsimile transmission) and shall be sent to the applicable party (i) in the case of the Grantors, in care of the Borrower, at the address of the Borrower set forth in the Credit Agreement, and (ii) in the case of the Secured Party, at the address of the Agent set forth in the Credit Agreement, or, in each case, at such other address as such party may, by written notice received by the other parties, have designated as its address for such purpose. All notices and other communications given to any party hereto in accordance with the provisions of this Agreement shall be deemed to have been given on the date of receipt if received during the recipient's normal business hours. Any party hereto may change its address or facsimile number or email address for notices and other communications hereunder by written notice to the other parties hereto.

Section 9. Termination of this Agreement. This Agreement shall be subject to Section 4.12 of the Security Agreement, which is hereby incorporated herein by reference *mutatis mutandis*.

Section 10. Governing Law. THIS AGREEMENT SHALL BE A CONTRACT MADE UNDER AND GOVERNED BY THE INTERNAL LAWS OF THE STATE OF NEW YORK APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED ENTIRELY WITHIN SUCH STATE, WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES (OTHER THAN SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW).

Section 11. Counterparts; Electronic Signatures. This Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts and each such counterpart shall be deemed to be an original, but all such counterparts shall together constitute but one and the same Agreement. Receipt by facsimile or electronic transmission (including PDF) of any executed signature page to this Agreement shall constitute effective delivery of such signature page. The words "delivery," "execute," "execution," "signed," "signature," and words of like import in this Agreement or any other document executed in connection herewith shall be deemed to include electronic signatures, the electronic matching of assignment terms and contract

formations on electronic platforms approved by the Secured Party, or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act; provided that notwithstanding anything contained herein to the contrary, the Secured Party is under no obligation to agree to accept electronic signatures in any form or in any format unless expressly agreed to by the Secured Party pursuant to procedures approved by it; provided further, without limiting the foregoing, upon the reasonable request of the Secured Party, any electronic signature shall be promptly followed by such manually executed counterpart. All notices, approvals, consents, requests and any communications hereunder must be in writing (provided that any such communication sent to the Secured Party hereunder must be in the form of a document that is signed manually or by way of a digital signature provided by DocuSign (or such other digital signature provider as specified in writing to the Secured Party by the authorized representative), in English. The Grantors each agree to assume all risks arising out of the use of using digital signatures and electronic methods to submit communications to Secured Party, including without limitation the risk of the Secured Party acting on unauthorized instructions, and the risk of interception and misuse by third parties. For the avoidance of doubt, the authorization under this paragraph may include, without limitation, use or acceptance by the Secured Party of a manually signed paper document, amendment, approval, consent, information, notice, certificate, request, statement, disclosure or authorization related to this Agreement (each a "Communication") which has been converted into electronic form (such as scanned into PDF format), or an electronically signed Communication converted into another format, for transmission, delivery and/or retention. Each Grantor hereby acknowledges the receipt of a copy of this Agreement. The Secured Party may, on behalf of each Grantor, create a microfilm or optical disk or other electronic image of this Agreement. The Secured Party may store the electronic image of this Agreement in its electronic form and then destroy the paper original as part of the Secured Party's normal business practices, with the electronic image deemed to be an original and of the same legal effect, validity and enforceability as the paper originals.
