## ASSIGNMENT

WHEREAS, **Fellowship of Orthopaedic Researchers, Inc.** (hereafter "ASSIGNOR"), having an address of **320 Metairie-Hammond Highway, Suite 406, Metairie, LA 70005, USA**, has acquired rights in certain new and useful improvements, technology, inventions, developments, ideas, ornamental design or discoveries related to **MAGNETICALLY LEVITATED SPINOUS PROCESS IMPLANTS AND METHODS THEREOF** (collectively hereafter referred to as the "Work") for which a U.S. provisional patent application has been prepared and filed with the United States Patent Trademark Office and assigned serial no. **61/672,384** filed **July 17, 2012**; for which an international patent application under the Patent Cooperation Treaty (PCT) has been prepared and filed with the United States Patent Trademark Office PCT Receiving Office and assigned serial no. **PCT/US2013/050929**, filed **July 17, 2013**; and for which a U.S. non-provisional patent application has been prepared and filed with the United States Patent Trademark Office and assigned serial no. **13/944,438**, filed **July 17, 2013** and granted as U.S. Patent No. **10,660,674** (hereafter collectively referred to as the "Patent Rights");

AND WHEREAS, **Gomboc, LLC.**, having an address of **320 Metairie-Hammond Highway, Suite 406, Metairie, LA 70005, USA** (hereinafter "ASSIGNEE"), desires to acquire the entire right, title and interest in and to the Patent Rights and the Work;

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR:

1. Has sold, assigned and transferred and by these presents does hereby sell, assign and transfer unto said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title, and interest throughout the world in the Patent Rights and the Work, including all provisional applications relating thereto and all nonprovisional applications claiming priority thereto, including, all divisions, continuations, continuations-in-part, reissues, and reexaminations thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof, and all rights of priority under International Conventions

and any related Letters Patent which may hereafter be granted or filed in any country or countries foreign to the United States, all extensions, renewals and reissues thereof;

2. Authorizes and requests the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all related Letters Patent to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

3. Conveys all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any applications for Letters Patent containing said Patent Rights, all choses in action pertaining to the applications or Letters Patent including the right to sue for and collect damages and other recoveries for past infringement thereof, all rights to initiate proceedings before government and administrative bodies, and all files, records and other materials arising from the prosecution, exploitation, or defense of rights and registrations pertaining to the applications or Letters Patent.

4. Acknowledges that this assignment, being of its entire right, title and interest in and to said Patent Rights, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patents by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all such Letters Patents to ASSIGNEE for its own name as assignee of the entire right, title and interest therein; and

5. Further agrees for itself and its executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid Patent Rights to said ASSIGNEE, its successors, assigns and legal representatives, but at its or their expense and charges, including the execution of applications for patents in foreign countries, and the execution of substitution, reissue, divisional or continuation applications and preliminary or other statements and the giving of testimony in any interference or other proceeding in which said Work or any application or patent directed thereto may be involved.

IN WITNESS WHEREOF, the ASSIGNOR and ASSIGNEE have executed this Assignment.
