ASSIGNMENT

This Assignment (the "Assignment") is effective on 4 August 2021 (the "Effective Date"), and is by and between TESSELAND LLC, dba LIMBAK, a company duly incorporated under the laws of California with an office at 225 South Lake Avenue, Suite 300, Pasadena, CA 91101 (hereinafter referred to as "LIMBAK"); and LIGHT PRESCRIPTIONS INNOVATORS, LLC, dba LPI-LLC, a company duly incorporated under the laws of the state of Delaware with an office at 1125 E. Broadway #61, Glendale, CA 91205 (hereinafter referred to as "LPI"). LIMBAK and LPI are each referred to herein individually as a "Party" and collectively as the "Parties".

WHEREAS, LIMBAK and LPI are parties to a certain Assignment and Option Agreement dated 3 August 2021 (the "Agreement") pursuant to which LPI agreed to assign certain rights to LIMBAK in return for payments pursuant to the Agreement; and

WHEREAS, LIMBAK has made the required payment as required under the Agreement.

NOW, THEREFORE, pursuant to the terms of the Agreement, and in consideration of the mutual promises, covenants and agreements therein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, LPI does hereby irrevocably and unconditionally sell, transfer, convey, assign and deliver to the LIMBAK, and LIMBAK does hereby accept, assume and acquire, the following:

- (i) all right, title and interest in and to US Patent 8,035,898, titled "Imaging Optics Designed By The Simultaneous Multiple Surface Method" ("the '898 patent"), including any reissues, reexaminations, extensions, and renewals thereof; and
- (ii) all rights held by LPI to any SMS Imaging software that was developed during the years 2002 to 2018 by employees or consultants of LPI-Europe, S.L.U. (the "Software").

The rights set forth above to be held and enjoyed by LIMBAK, for LIMBAK's own use and behoove, and for LIMBAK's legal representatives and assigns to the full end of the term of the '898 patent (including any reissues, reexaminations, extensions and renewals), as fully and entirely as the same would have been held by the LPI had this assignment and sale not been made, together with all claims for damages by reason of past, present or future infringement of such patent, with the right to sue for and collect the same.

LPI shall cooperate with LIMBAK and take all such further actions (including the execution and delivery of documents) necessary, or reasonably requested by LIMBAK, to evidence, record, obtain, perfect, maintain, protect, defend and enforce LIMBAK's rights in the '898 patent and the Software and to otherwise give effect to and carry out the purpose and intent of this Assignment. LIMBAK shall reimburse LPI for any reasonable and documented out-of-pocket expenses incurred by LPI in taking any such requested actions.

If LIMBAK is unable, because of LPI's unavailability or for any other reason, to secure the LPI's signature with respect to any of the foregoing documents, LPI hereby irrevocably designates and appoints LIMBAK and its duly authorized officers and agents its agent and attorney in fact, to act for and on LPI's behalf and stead to execute such documents and to do all other lawfully permitted acts to further the application for or prosecution, issuance, maintenance or transfer of the '898 patent and the Software or to otherwise carry out the purposes of this Assignment with the same legal force and effect as if originally executed by LPI. This designation and appointment will be deemed coupled with an interest and is irrevocable.

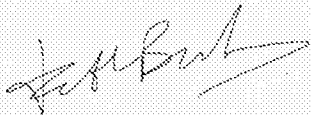

This Assignment will be construed and interpreted in accordance with, and governed in all respects by, the internal Laws of the State of Delaware applicable to Contracts made and performed in such State, without giving effect to any choice or conflict of Law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than those of the State of Delaware.

This Assignment shall be binding on and inure to the benefit of each of the parties and their respective successors and permitted assigns.

This Assignment may be executed in counterparts, each of which shall constitute an original and all of which, when taken together, shall constitute one and the same agreement. The exchange of counterparts by electronic transmission or facsimile shall constitute effective execution and delivery of this Assignment.

IN WITNESS WHEREOF, LIMBAK and LPI have caused this Assignment to be executed by their duly authorized representatives.
