RECEIPT INFORMATION

EPAS ID: PAT6570825
Receipt Date: 02/25/2021

Confirmation of Foreclosure Transfer of Patent Rights

This Confirmation of Foreclosure Transfer of Patent Rights (this **Confirmation**) is dated February 25, 2021 and is executed by Utica Leaseco, LLC, a Florida limited liability company (the **Secured Party**).

Recitals

Pursuant to a Master Lease Agreement dated February 6, 2017, and an Equipment Schedule ALTA-0002 dated April 25, 2019, the Secured Party extended credit to Alta Devices, Inc., a Delaware corporation (the **Debtor**). As security for the credit extended by the Secured Party to the Debtor, the Debtor granted to the Secured Party a security interest under the Uniform Commercial Code in collateral including the following intellectual property and patents (the **Patent Collateral**):

- (a) Each patent and patent application listed in Schedule A attached hereto.
- (b) All reissues, substitutes, divisions, continuations, continuations-in-part, extensions, renewals, reexaminations, counterpart foreign applications, and any other applications claiming priority in the patent and patent application listed in Schedule A attached hereto.
- (c) All inventions and improvements described and claimed therein.

The Debtor executed a Confirmation of Security Agreement on April 25, 2019; that Confirmation was recorded with the USPTO on April 29, 2019, at Reel 049027, Frame 0944.

The Debtor defaulted in the payment and performance of the obligations secured by the Patent Collateral, whereupon the Secured Party, in the exercise of its rights as a secured party under the Uniform Commercial Code, gave notice to the Debtor that the Secured Party would conduct a public foreclosure sale of the Patent Collateral. The Secured Party gave notice to the Debtor of the planned foreclosure sale on February 21, 2020 by certified mail, return receipt requested. The Secured Party also sent that notice to Hanergy Thin Film Power Group Limited and all other parties entitled to such notice under Section 9-611 of the Uniform Commercial Code.

The Secured Party conducted the foreclosure sale on Tuesday, March 3, 2020, at 9:15 a.m., at 660 Woodward Avenue, Detroit, Michigan 48226. At the foreclosure sale, the Secured Party (in this capacity, the **Assignee**) was the highest bidder for the Patent Collateral, bidding the sum of \$33,400,000.00 for the Patent Collateral. As a result, the Secured Party, pursuant to Section 9-617(a) of the Uniform Commercial Code, transferred to the Assignee all of the rights of the Debtor in and to the Patent Collateral.

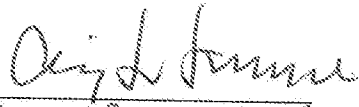

Therefore, this Confirmation confirms that the Assignee has become the owner, free and clear of all liens, security interests, and adverse claims, of all of the Patent Collateral.

In witness whereof, the Secured Party and the Assignee have executed this Confirmation as of the date first written above.
