## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (the "IP Security Agreement") dated Aug 02, 2021, is made by Sixgill Ltd. (the "Grantor" or the "Company") in favor of Bank Leumi le-Israel B.M. (the "Secured Party" and together with the Grantor, the "Parties")

WHEREAS, the Parties have entered into a Loan and Security Agreement dated on or about the date hereof, as may be amended, modified, extended or renewed from time to time (the "Loan Agreement"). Terms defined in the Loan Agreement and not otherwise defined herein are used herein as defined in the Loan Agreement.

WHEREAS, as a condition precedent to the making of loan and credits under the Loan Agreement, the Grantor hereby grant to the Secured Party, a security interest in, among other property, certain intellectual property of the Grantor, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the relevant patent and/or trademark office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

1. **Grant of Security.** Grantor hereby grants to the Secured Party a security interest in all of such Grantor's (including, without limitations, Grantor's subsidiaries, related or affiliated companies') rights, title and interest in and to the following (the "Collateral"):
  - 1.1. the trademark set forth in Schedule A hereto (the "Trademark") and any right derived therefrom;
  - 1.2. the patent(s) and patent application(s) set forth in Schedule B hereto (the "Patents");
  - 1.3. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing; all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;
  - 1.4. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
  - 1.5. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.
2. **Security for Obligations.** The grant of a security interest in the Collateral by Grantor under this IP Security Agreement secures the payment of all obligations of the Grantor now or hereafter existing under or in respect of the Loan Agreement, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to the Grantor, the payment of all amounts that constitute part of the secured obligations and that would be owed by the Grantor to the Secured Party under the Loan Agreement. All security interests that have been or may be created in favor of the Secured Party for payment and performance of the secured liabilities under Section 3 of the Loan Agreement shall be independent of one another.
3. **Recordation.** The Grantor authorizes and requests that the Commissioner or Registrar for Patents and/or Trademarks and any other applicable government officer record this IP Security Agreement.
4. **Representations and Warranties.** The Company hereby represents and warrants as follows:
  - 4.1. The Company is, and will remain during the term of the Loan Agreement, duly incorporated and validly registered under the laws of the State of Israel, with power and authority to own assets and to carry on its business as now being conducted, and is, and will remain, duly existing, qualified and licensed in every jurisdiction wherever necessary to carry on its business and operations.

  - 4.6. The security interest created hereby constitutes a legal valid and binding, first ranking security and lien over the presently existing Collateral and will constitute a legal valid and binding, first ranking security and lien over the Collateral acquired after the date hereof, enforceable in accordance with the terms hereof. This IP Security Agreement confers the security interest it purports to confer over all of the Collateral and the security interest is not subject to any senior or *pari passu* security interests.
  - 4.7. As at the date of execution of this IP Security Agreement, the Company is not subject to any bankruptcy, winding-up, creditors' arrangement or any other similar insolvency proceedings for the reorganization of the affairs of the Company and no such arrangement or proceedings have been threatened against the Company.

  - 5.3 The Company shall defend the Collateral or cause the Collateral to be defended against, and shall take, at its expense, any action necessary to remove any security interest over the Collateral, and shall defend the right, title and interest of the Secured Party in and to any Collateral against the claims and demands of all other persons.

**6. Miscellaneous.**

- 6.1 Assignment. This IP Security Agreement shall be binding upon and inure to the benefit of each party hereto and its permitted successors and assigns. The Company may not assign or transfer all or any part of its rights and/or obligations under this IP Security Agreement. Failure or delay in delivering copies of any notice, demand, request, consent, approval, declaration or other communication to the persons designated above to receive copies shall in no way adversely affect the effectiveness of such notice, demand, request, consent, approval, declaration or other communication.

- 6.3 Delays or Omissions; Waiver. The rights of the Secured Party may be waived only in writing and specifically; the conduct of the Secured Party shall not be deemed a waiver of any of its rights pursuant to this IP Security Agreement and/or as a waiver or consent on its part as to any breach or failure to meet any of the terms of this IP Security Agreement or as an amendment hereto. A waiver by the Secured Party in respect of a breach by the Company of its obligations shall not be construed as a justification or excuse for a further breach of its obligations. No delay or omission to exercise any right, power, or remedy accruing to the Secured Party upon any breach or default by the Company shall impair any such right or remedy nor shall it be construed to be a waiver of any such breach or default, or any acquiescence therein or in any similar breach or default thereafter occurring. The rights of the Secured Party hereunder may be exercised as often as necessary and are cumulative and not exclusive of its rights under the general law.
- 6.4 Amendments. Any term of this IP Security Agreement may be amended or modified only by a written document signed by the Company and the Secured Party.

This IP Security Agreement contains the entire understanding of the parties with respect to its subject matter and all prior negotiations, discussions, agreements, commitments and understandings between them with respect thereto not expressly contained herein shall be null and void in their entirety, effective immediately with no further action required.
- 6.6 Severability. If a provision of this IP Security Agreement is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision hereof or the validity or enforceability in other jurisdictions of that or any other provision hereof. Where provisions of any applicable law resulting in such illegality, invalidity or unenforceability may be waived, they are hereby waived by each party to the full extent permitted so that this IP Security Agreement shall be deemed valid and binding agreements, in each case enforceable in accordance with its terms.
- 6.7 Counterparts, Facsimile Signatures. This IP Security Agreement may be executed in any number of counterparts, and this has the same effect as if the signatures on the counterparts were on a single copy of the IP Security Agreement. A signed IP Security Agreement received by a party hereto via facsimile or electronic e-mail will be deemed an original, and binding upon the party who signed it.
- 6.8 Governing Law and Venue. This IP Security Agreement shall be governed by and construed in accordance with the laws of the State of Israel, without giving effect to the principles thereof relating to conflict of laws. The competent courts of the city of Tel Aviv-Jaffa shall have exclusive jurisdiction to hear all disputes arising in connection with this IP Security Agreement and no other courts shall have any jurisdiction whatsoever in respect of such disputes.
- 6.9 Further Actions. Each of the parties hereto shall perform such further acts and execute such further documents as may reasonably be necessary to carry out and give full effect to the provisions of this IP Security Agreement and the intentions of the parties as reflected thereby.
- 6.10 No Third Party Beneficiaries. Nothing in this IP Security Agreement shall create or confer upon any person or entity, other than the parties hereto or their respective successors and permitted assigns, any rights, remedies, obligations or liabilities, except as expressly provided herein.
