ASSIGNMENT

WHEREAS, We, Bradley A. David of San Diego, California and David Adams of Seattle, Washington (“Assignors”), invented new and useful improvements in “Method and system for monitoring and providing irrigation,” for which a United States Provisional Patent Application, having application number 63/063,909 was filed on August 10, 2020; and

WHEREAS, Gravity Technologies, LLC d/b/a Groundworx, (“Assignee”), a Washington company located at 7800 SE 27th St., Suite 402, Mercer Island, WA 98040, is desirous of acquiring the entire interest in the same;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignors hereby sell, assign and transfer unto Assignee the entire right, title and interest in and to said invention, and application throughout the world, including, without limitation, any Letters Patent which may issue thereon, and any subsequent application claiming priority to the above-identified application, reissue, reexamination, divisional, continuation-in-part, extension, or continuation thereof and all rights of priority under the Paris Convention arising from said application; the same for Assignee’s legal representatives and assigns, as fully and entirely as the same would have been held by Assignors had this assignment and sale not been made;

AND, Assignors hereby bind themselves, their heirs, legal representatives, administrators and assigns properly to execute without further consideration any and all applications, petitions, oaths and assignments or other papers and instruments which may be necessary in order to carry into full force and effect, the sale, assignment, transfer and conveyance hereby made or intended to be made and generally do everything possible to aid Assignee, its legal representatives and

assigns, to obtain and enforce proper protection for said invention in all countries throughout the world.

I hereby execute this Assignment this 13th day
of August, 2020.
