DECLARATION and ASSIGNMENT

Declaration

As the below named inventor(s), I/We hereby declare that:

This declaration is directed to:

_____The attached application, or

XXX United States application or PCT International application number 17/381,704
filed on 21 July 2021.

The above-identified application was made or authorized to be made by Me/Us.

I/We believe that I/We are the original inventor(s) or an original joint inventor of a claimed invention in the application.

I/We hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than five (5) years, or both.

Assignment

In consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Andrew Creager, William Cowan, Zachary Taylor, Donald L. Creager III, and Max Creager**, the undersigned Assignor(s), each of us believing to be the original inventor, or an original joint inventor of a claimed invention in the application for United States patent identified in the above declaration and entitled

PACKAGING SYSTEM FOR DISTRIBUTION, STORING AND DISPLAYING FRAGILE ITEMS

hereby sell, assign, and transfer to **LIT BRANDS LLC**, having a principal place of business at 4900 Acoma Street, Denver, Colorado 80216 USA ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to the claimed invention in the same patent application identified in the above declaration.

The undersigned further sell, assign, and transfer to Assignee said application and all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on the claimed invention; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on the claimed invention; and in and to all rights of priority resulting from the filing of said United States application; and the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

The undersigned further agree that said Assignee may apply for and receive a patent or patents for the claimed invention in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on the claimed invention; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to the claimed invention and the history thereof; and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for the claimed invention and for vesting title to the claimed invention, and all applications for patents and all patents on the claimed invention, in said Assignee, its successors, assigns, and legal representatives.

The undersigned covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

The undersigned hereby authorize and request the Officials of the United States Patent and Trademark Office and any and all foreign Patent Offices to issue any and all Letters Patents, when granted, to said Assignee as the assignee of the entire right, title and interest in and to the same, for the sole use of said Assignee, its successors and assigns, to the full end of the term for which said Letters Patents may be granted.

The undersigned hereby grant to the practitioners at Customer Number 15360, the Customer Number of Martensen IP, the power to insert on this document any further identification necessary or desirable to comply with the rules of the United States Patent and Trademark Office for recordation of this Assignment.
