ASSIGNMENT OF PATENT APPLICATION

WHEREAS, we, Kun-Long Wu and James June-Ming Wang (hereinafter referred to as ASSIGNORS), having post office addresses of: 8611 Balboa Ave San Diego, CA 92123, USA; 8611 Balboa Ave San Diego, CA 92123, USA; respectively, are the joint inventors of the invention set forth, described and/or claimed in the United States patent application entitled "WIDEBAND AMPLIFIER LINEARIZATION TECHNIQUES " executed herewith;

WHEREAS, Kyocera International Inc. (hereafter referred to as ASSIGNEE), with a business address of 8611 Balboa Ave San Diego, CA 92123, USA, is desirous of acquiring the entire right, title, and interest in and to the invention and in and to any letters patents that may be granted thereof in the United States and in any and all foreign countries;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNORS hereby sell, assign, and transfer unto said ASSIGNEE, the entire right, title, and interest in and to said invention, the above-identified application and all non-provisional applications, foreign applications, and international applications that claim the invention and/or claim priority to the above-identified application, and any and all letters patents which may be granted for said invention in the United States of America and its territorial possessions and in any and all foreign countries, including any, and all divisionals, reissues, reexaminations, and continuations, continuations-in-part, counterparts, and extensions thereof, together with the right to file domestic, foreign and international applications directly in the name of ASSIGNEE and to claim priority rights deriving from the above-identified application and any of the foregoing to which said foreign applications are entitled by virtue of international convention, treaty, or otherwise, said invention, application and all letters patents on said invention to be held and enjoyed by ASSIGNEE and its successors and assigns for their use and benefit and of their successors and assigns as fully and entirely as the same would have been held and enjoyed by ASSIGNORS had this assignment, transfer, and sale not been made. ASSIGNORS hereby authorize and request the Commissioner of Patents at the U.S. Patent and Trademark Office to issue all letters patents on said invention to ASSIGNEE. ASSIGNORS agree to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patents on said invention, for litigation regarding said letters patents, or for the purpose of protecting title to said invention or letters patents therefor.

IN WITNESS WHEREOF, We have hereunto signed our names on the day and year set forth below.
