**ASSIGNMENT**

In consideration of One United States Dollar (USD 1.00), and other good and valuable considerations, the receipt of which is hereby acknowledged, I the undersigned,

**Diana Agou** , resident of Karmiel, Israel, having a mailing address at: c/o Delta Galil Industries Ltd., 45 Ha'Eshel Street, Southern Industrial Zone, Caesarea, 3088900, Israel;

Hereby sell, assign and transfer to **DELTA GALIL INDUSTRIES LTD.** , an Israeli company, having an address at **45 Ha'Eshel Street, Southern Industrial Zone, Caesarea, 3088900, Israel** , as well as its successors and future assignees (hereinafter, the "Assignee"), the entire right, title and interest with regard to any and all countries and regions worldwide, in and to any and all inventions which are disclosed and/or claimed, in PCT international patent application number **PCT/IL2020/050259**, having an international filing date of **March 5, 2020**, titled "**Underwear for Men**", and in and to said application and all divisional, continuing, continuation, continuation-in-part, substitute, renewal, reissue, National Stage(s), National Phase(s), Regional Stage(s), Regional Phase(s), and all other patent applications and patents, including (but not limited to) utility patent applications and patents and/or design patent applications and patents, which have been filed or which may be filed in the future, in any country or region or patent office worldwide, with regard to any of said inventions disclosed and/or claimed in said application; and in and to all original and/or reissued patents which have been issued and/or which may be issued in the future with regard to any of said inventions; and further assign herein to said Assignee, any and all rights of priority that said application has or may have, or that the undersigned has or may have, or which the Assignee has claimed or may claim in the future with regard to said application;

Authorize and request the United States Patent and Trademark Office (USPTO), as well as all other national and/or regional patent offices worldwide, to issue to said Assignee, any and all patents (including, but not limited to, United States Letters Patent, and any Patent Certificate) on any of said inventions that are disclosed and/or claimed in said application;

Agree that said Assignee may apply for and receive domestic and/or foreign Letters Patent or Patent Certificate or patents of any kind, for any of said inventions, in any country and/or region and/or patent office worldwide; and may claim, in such patent applications, the right of priority and/or the legal benefit from said patent application under the provisions of the Paris Convention for the Protection of Industrial Property and any revisions and amendments thereof, under the Patent Cooperation Treaty (PCT), under the European Patent Convention (EPC), and/or under any national or regional law or regulation or act regarding rights of priority or benefit, and/or under any other available international agreement or treaty or convention;

Agree that, immediately when requested by the Assignee, without charge to the Assignee but at the expense of the Assignee, in order to carry out in good faith the intent and purpose of this Assignment, the undersigned (or the undersigned's executors or administrators) will, for the United States and all other countries worldwide, execute and sign all divisional, continuing, continuation, continuation-in-part, substitute, renewal, reissue, and all other patent applications or other documents regarding any of said inventions; will execute promptly all oaths, declarations, assignment documents, power of attorney documents, and other papers or forms, in English and/or in other languages as may be requested by the Assignee; will communicate to said Assignee, all facts known and documents available to the undersigned relating to said inventions and the history thereof; will testify and depose in all legal proceedings; and generally will do everything possible which said Assignee may consider desirable for aiding in securing, maintaining and/or enforcing proper patent protection for any of said inventions and/or for vesting title in said Assignee with regard to said inventions and all applications for patents or related foreign rights and all patents on said inventions; and

Covenant with said Assignee, that no assignment, transfer, sale, grant, mortgage, lien, license, obligation to assign, or other agreement affecting the rights herein conveyed to the Assignee have been made by the undersigned to any other entity, and that the full right to convey the rights as herein expressed is possessed by the undersigned.
