PATENT ASSIGNMENT

WHEREAS, we, Michael J. Noelting, an individual residing in Bowlus, Minnesota; Craig W. Sexton, an individual residing in Rice, Minnesota (collectively the "Assignors") invented certain new and useful improvements described in United States Provisional Application 62/100,868 filed January 7, 2015 and United States Patent Application Number 14/990,788, filed January 7, 2016 (the "Invention") on behalf of and while working for SNX Technologies, Inc., a Minnesota corporation. The Assignors acknowledge and agree that SNX Technologies, Inc. is, and was as the date of the Invention, the owner of the Invention and any patents and patent applications related thereto;

WHEREAS, SNX Technologies, Inc. ("Assignee"), a business entity organized and existing under the laws of the State of Minnesota is desirous of perfecting its ownership of the entire right, title, and interest in and to said Invention and any and all patents or patent applications related thereto throughout the world.;

NOW, THEREFORE. for good and valuable consideration to me in hand of at least \$1.00 paid by said Assignee, the receipt of which is hereby acknowledged, we have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, their entire right, title, and interest in and to said Invention and to each U.S. and foreign patent application and patent to which the Invention claims priority in whole or part, all applications claiming priority in whole or in part to Invention and any Letters Patent issuing therefrom, including all utility conversions, all divisions, continuations, or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue therefrom including all reissues or extensions of such patents including all of our rights under the International Convention.

We authorize said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all domestic and foreign countries, and additionally to claim the filing date of said United States Patent Application and/or otherwise take advantage of the provisions of the International Convention.

We do hereby covenant and agree with the said Assignee, its successors and assigns, that we will not execute in writing or do any act whatsoever conflicting with these presents, and that we or our executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said Inventions, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my seal and made effective as dated below.
