THIS CONFIRMATORY DEED OF ASSIGNMENT is made

this 26 day of April 2021

BETWEEN

1. Abzena (Cambridge) Limited, (company no 05318448), Babraham Research Campus, Babraham, Cambridge, CB22 3AT, United Kingdom, hereinafter referred to as "the Assignor", of the one part;

and

2. Genmab B.V. (company no 30169902), Uppsalalaan 15, 3584 CT Utrecht, The Netherlands, hereinafter referred to as "the Assignee", of the other part,

A. WHEREAS, the Assignor transferred to the Assignee all its rights, title and interest to certain patents and patent applications, particulars of which are set out in Appendix 1 (those patents and patent applications are hereinafter referred to as "the Patents") , including those inventions that are subject of the Patents ("Inventions").

B. WHEREAS this Confirmatory Deed of Assignment is entered into by the parties for the purposes of recordal of the assignment of the Patents in the respective patent registers.

NOW, THEREFORE the parties hereby confirm that on 22 December 2020 the Assignor assigned to the Assignee all its right, title and interest in and to the Patents and the Inventions, including all Rights associated therewith. For the purpose of this confirmatory deed of assignment the term "Rights" means all rights under any and all laws and in any and all jurisdictions which directly and indirectly attach to the Patents and the Inventions including (a) the right to apply to patent the Inventions and other similar protections such as utility models, for the full term thereof; (b) the right to prosecute, apply for registration and obtain grant of any patent applications for the Inventions for the full term thereof including any extensions and any requests for provisional applications, continued examinations, continuations, continuations-in-part, re-issues, re-examinations, re-registrations, substitutions, divisionals, and any other utility applications that may be based on the Inventions, and like grants, including those obtained or permissible under past, present and future laws and statutes, wherever applied for; (c) all international rights of priority associated with the Inventions and/or Patents, including the right to claim the benefit of an earlier filing patent date for the inventions in a foreign country, and to prosecute and obtain grant of patent and like protection; and (d) the right to bring, make, oppose or defend, appeal proceedings, claims or actions and obtain relief (including injunctive and/or interlocutory relief), and to retain damages recovered, in respect of any infringement, or any other cause of action arising from ownership, of any of the Patents and/or Inventions, whether occurring before, on or after the Date; and (e) the right to fully and entirely stand in the place of Assignor in all matters relating to the Patents, the Inventions and the other matters aforesaid listed.

Assignor agrees that Assignee can submit this confirmatory deed of assignment to any and all relevant patent authorities.
