INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

WHEREAS, Rev Agency, LLC, a Florida limited liability company ("*Rev Agency Florida*") with a principal place of business at 5201 Blue Lagoon Drive, Suite 900, Miami, FL 33126 ("*Assignor*"), is the owner of the intellectual property listed in Exhibit A, attached hereto and made a part hereof, as well as other trademarks, copyrights, business methods, and trade secrets not enumerated herein (hereinafter, the "*Intellectual Property*"); for the avoidance of doubt, Rev Agency Florida's Live Leads™ program, Agent Power™, Leads Processing Engine™, Project Fusion™, lead generation, lead distribution and lead conversion performance matrix processes, the Avoya Travel business model, and derivative works and improvements thereof, shall constitute Intellectual Property.

WHEREAS, Assignor agrees that any portion of the Intellectual Property listed in the attached Exhibit A that is not currently held in the name of Rev Agency Florida but instead in the name of any of its nominees, including but not limited to Van Anderson, Brad Anderson, Americas Vacation Center, LLC, William Clark, Domains by Proxy, LLC, Travel Maps, Marcaria.com Corp., Marcaria Network Ltd., or SNNS Ltd., nevertheless is owned and has always been owned by Rev Agency Florida; and

WHEREAS, RevAgency IP, LLC, a limited liability company, organized and existing under the laws of the State of Delaware, having its principal place of business at 347 N New River Drive E, #1403, Ft Lauderdale, FL 33301 (hereinafter "*Assignee*"), is desirous of acquiring all right, title, and interest in the Intellectual Property.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, said Assignor does hereby assign to Assignee, and Assignee hereby accepts, all right, title, and interest in and to the Intellectual Property throughout the world, known and unknown, including all registrations, pending applications, renewals and extensions of the foregoing, common law rights, goodwill, and all rights of action, powers and benefit to the Intellectual Property, due or accrued, including the right to sue for and recover in the Assignee's own name and that of its successors and assigns and other legal representatives all remedies of every nature, including, without limitation, rights to injunctive relief, damages, profits, costs and attorney fees, arising out of any infringement of the Intellectual Property.

Assignor represents and warrants that Assignor owns all right, title, and interest in and to the Intellectual Property, free and clear of all liens and encumbrances. Assignor further warrants and represents that to the best of its knowledge the Intellectual Property does not infringe or violate and has not infringed or violated the patent, copyright, trademark, trade name, service mark, trade secrets, or other proprietary rights of any person, nor has any claim of infringement or violation been made against the Intellectual Property. Assignor has no knowledge of any suit, action, claim, proceeding, or governmental or administrative investigation or action pending or threatened against the Intellectual Property. The sale, transfer, assignment, and delivery of the Intellectual Property will transfer to Assignee full legal title to the Intellectual Property, free and clear of all liens and encumbrances.

Assignor on and after the Effective Date of this Agreement, shall at the reasonable request and the expense of Assignee: (a) execute and deliver or cause to be delivered any

documents and further instruments of assignment consistent with the present assignment and that may be reasonably required to evidence or effectuate the assignment of the Intellectual Property, including but not limited to Addendum A, attached hereto, and to maintain and enforce the Intellectual Property in all countries, and (b) take or cause to be taken all such other actions, as may reasonably be deemed necessary or desirable in order for Assignee to obtain the full benefits of the present assignment of all the Intellectual Property and to maintain and enforce the Intellectual Property in all countries.

Assignor hereby constitutes and appoints Assignee as Assignor's true and lawful attorney in fact, with full power of substitution in Assignor's name and stead, to take any and all steps, including proceedings at law, in equity or otherwise, to execute, acknowledge, and deliver any and all instruments and assurances necessary, or expedient, in order to vest or perfect the aforesaid rights and causes of action more effectively in Assignee, or to protect the same, or to enforce any claim or right of any kind with respect thereto. This includes, but is not limited to, any rights with respect to the Intellectual Property that may have accrued in Assignor's favor from the respective date of first use of any of the Intellectual Property to the Effective Date of this Assignment. Assignor hereby declares that the foregoing power is coupled with an interest and as such is irrevocable.

Each party represents that it has the power and authority to enter into this Intellectual Property Assignment Agreement. If any term of this Assignment is held void, voidable, invalid, inoperative or unenforceable for any reason, the remainder of such term shall be amended to achieve as closely as possible the effect of the original term, and all other terms shall continue in full force and effect.

This agreement shall be deemed effective only as of the date on which it has been fully executed by all parties (the "*Effective Date*"). It may be executed in any number of identical counterparts, each of which shall be deemed an original, but all of which when taken together, shall constitute one and the same instrument.
