**COMBINED DECLARATION AND ASSIGNMENT  
FOR A UTILITY OR DESIGN PATENT APPLICATION  
USING AN APPLICATION DATA SHEET**

DECLARATION:

As the below named inventor, I hereby declare that:

☒ the attached application, entitled “*Pulsed Neutron Logging for Petrolithium*,”  
filed August 19, 2021 with the U.S. Patent and Trademark Office, and accorded U.S.  
Patent Application Serial No. 17/406,379,

was made or authorized to be made by me.

I believe I am the original inventor or an original joint inventor of a claimed invention in the  
above-identified patent application.

I have reviewed and understand the contents of the above-identified patent application, including  
the claims.

I acknowledge the duty to disclose to the Patent and Trademark Office all information known to  
me to be material to patentability of the claims in the above-identified patent application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under  
18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

ASSIGNMENT:

I, for valuable consideration received, do hereby assign to *Weatherford Technology Holdings, LLC* (“Assignee”), having a place of business at 2000 St. James Place, Houston, Texas 77056, my entire  
worldwide right, title, and interest in:

all inventions disclosed or claimed in the above-identified patent application, and  
improvements thereof, including all inventions and improvements which have been or  
might be disclosed or claimed in a divisional, continuation, continuation-in-part,  
substitute, provisional, non-provisional, renewal, reissue, or other patent application  
based off of or claiming priority to the above-identified patent application;

the right to claim priority to the above-identified patent application; and

the right to sue for past, present, and future infringement of any patents obtained for the  
inventions and improvements.

I further:

covenant that I have the full right and authority to assign the rights assigned herein;

warrant that I have made no other assignment, grant, mortgage, license or other agreement affecting the rights assigned herein, except to the extent that I have already assigned such rights to the Assignee, in which case this present assignment should merely be understood as confirmatory of my assignment to the Assignee;

authorize and request that any United States or foreign patents based on the rights assigned herein be issued to the Assignee;

agree when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment; to execute all oaths, declarations, assignments, powers of attorney and other papers necessary to perfect and vest title to the rights assigned herein to the Assignee; and generally to do everything possible which the Assignee shall consider desirable for securing, maintaining and enforcing patent protection of the rights assigned herein; and

agree that this assignment shall be binding on my heirs, assigns, representatives and successors, and shall extend to the successors, assigns, and nominees of Assignee.
