**CONFIRMATION OF ASSIGNMENT
Inventor(s) to Inova Labs, Inc.**

WHEREAS, I/we, **Dragan NEBRIGIC**, an inventor, joint inventor, inventors or joint inventors (collectively hereinafter "Inventor") have made certain new and useful inventions relating to **Method and Systems for the Delivery of Oxygen Enriched Gas**, (hereinafter "Inventive-Subject matter") which is described in and for which application has been made as follows:

- Patent Application filed on 3 May 2016 in United States of America and designated as Application No. 62/330,970.
- International (PCT) Patent Application filed on 3 May 2017 in United States of America and designated as Application No. PCT/US2017/030748.
- Patent Application filed on 3 May 2017 in United States of America and designated as Application No. 16/098,703.

WHEREAS, **Inova Labs, Inc.**, (hereinafter "Assignee"), a company incorporated in the United States of America, whose postal address is 3500 Comsouth Road, Suite 100, Austin, TX 78744, United States of America is desirous of acquiring the entire right, title and interest in and to said Inventive Subject-Matter, including without limitation said application(s), for every jurisdiction, including without limitation the United States of America and all other countries, and any benefits of or to be obtained therefrom:

NOW THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and on the Effective Date herein, Inventor has sold, assigned, and set over and/or to any extent not previously, by these presents does hereby sell, assign and set over unto Assignee and Assignee's legal representatives, successors and assigns, Inventor's entire right, title and interest in and to said Inventive Subject-Matter for every jurisdiction, including without limitation the United States of America and all other countries, said application(s) and any benefits of or to be obtained therefrom, including without limitation any continuation, including continuation-in-part, or divisional application, renewal or substitute thereof, international, foreign and regional applications corresponding or claiming priority thereto pursuant to any law or treaty, including the right to claim such priority or benefit, and the Letters Patent, both foreign and domestic, that may or shall issue thereon, or any reissue or re-examination thereof, and Inventor does hereby authorize and request the U.S. Commissioner of Patents and any other country's Commissioner

of Patents to issue said Letters Patent to the above-mentioned Assignee, consistent with the terms of this Assignment.

UPON SAID CONSIDERATION, Inventor hereby covenants and agrees with Assignee that Inventor has not and will not execute any writing or do any act whatsoever conflicting with these presents, and that Inventor will, at any time upon request, without further or additional consideration, but at the expense of Assignee, execute such additional assignments and other writings and do such additional acts as Assignee may deem necessary or desirable to perfect Assignee's or Assignee's assign's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, continuation, including continuation-in-part, or divisional application, renewal, substitute, reissued, re-examined or extended Letters Patent of the United States, or of any and all other countries, on said Inventive Subject-Matter, and in enforcing any rights or chose in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of all parties.

And I/we do hereby authorize attorneys for Assignee to insert on this confirmation of assignment any additional filing date and application number and/or patent number of the aforementioned application(s) when known.

This Confirmation of Assignment may be executed in any number of counterparts and the executed counterparts together constitute an original.
