ASSIGNMENT

WHEREAS, we, Ricky Samona, residing in Seattle, WA, and Christopher Benham, residing in Broomfield, CO, as assignors, have made an invention entitled

“MONITORING SYSTEM”

as described in a patent application, the specification of which:

☒ is attached hereto.

☐ was filed on _____ as U.S. Application Serial No. _____.

☐ was filed on _____ as PCT Application Serial No. _____.

WHEREAS, VergeIQ, LLC, 15127 NE 24th Street #214, Redmond, WA 98052, as assignee, is desirous of securing the entire right, title and interest in and to this invention in the United States of America, and in and to the patent application on this invention and any Letters Patent to be issued upon this patent application;

NOW, THEREFORE, be it known that for good and valuable consideration the receipt of which from assignee is hereby acknowledged, we, as assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the assignee, its lawful successors and assigns, our entire right, title, and interest in and to this invention and this patent application in the United States of America, and all divisions, and continuations thereof, and all Letters Patent which may be granted thereon, and all reissues thereof, and all rights to claim priority in the United States of America on the basis of such applications, and all applications for Letters Patent which may hereafter be filed for this invention in the United States of America and all Letters Patent which may be granted on this invention in the United States of America, and all extensions, renewals, and reissues thereof, and all rights to sue and recover for past, present, and future infringement thereof, and we hereby authorize and request the Commissioner for Patents of the United States, to issue all Letters Patent for this invention to assignee, its successors and assigns, in accordance with the terms of this Assignment, and we hereby authorize the assignee, its successors and assigns, and the attorney(s) of record in applications as described above to modify this Assignment, subsequent to its execution, to more specifically identify the applications as described above.

AND, WE HEREBY covenant that we have the full right to convey the interest assigned by this Assignment, and we have not executed, and will not execute any agreement in conflict with this Assignment;

AND, WE HEREBY further covenant and agree that we will, without further consideration, communicate with assignee, its successors and assigns, any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title of this invention in said assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States of America, it being understood that any expense incident to the execution of such papers shall be borne by the assignee, its successors and assigns.

IN WITNESS WHEREOF, the Assignors have executed this document on the date indicated below:
