AGREEMENT

1. Release of Patent Collateral. Agent hereby releases its lien, security interest and all other rights on the Patents and all other intellectual property rights listed in **Appendix A** hereto, and in all of Grantor's rights, title and interest in, to and under the Patent Collateral (as defined in the IP Security Agreement). To the extent that following the release set forth in this paragraph, Agent retains or would retain any right, title or interest in or to the Patent Collateral, Agent hereby reassigns, grants and conveys to the Grantor, all of the Grantor's right, title and interest in, to and under the Patent Collateral.

2. Miscellaneous.

Agent may also require that any such documents and signatures be confirmed by a manually signed original thereof; provided, however, that the failure to request or deliver the same shall not limit the effectiveness of any facsimile document or signature.
